

Customize Your Door

with C.H.I. Powder Coat

FOR INTERIOR & EXTERIOR APPLICATIONS.

BENEFITS OF POWDER COATING

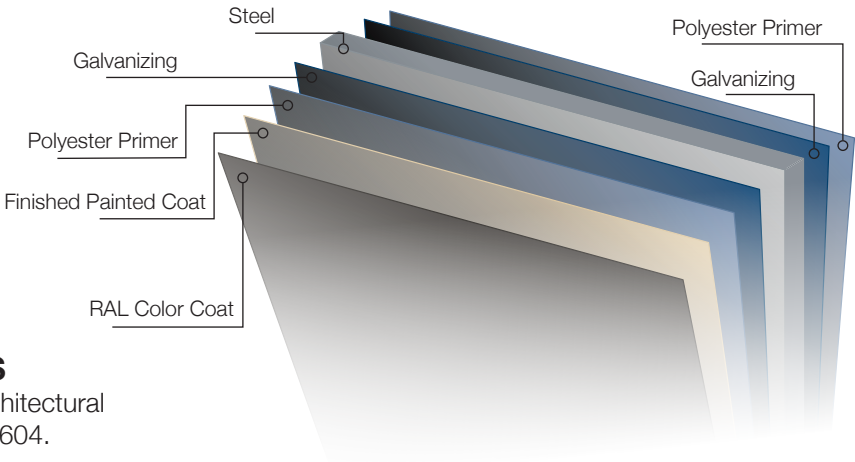

- No solvents
- Virtually 100% material utilization
- Easy to process and clean
- Applicable on many substrates
- Protection and decoration
- Comprehensive standard range of colors and effects

AVAILABLE POWDER COAT FINISHES

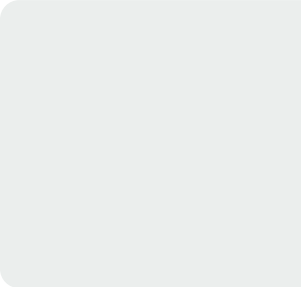

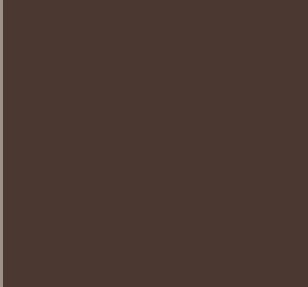

Both options below comply with the American Architectural Manufacturing Association's specification AAMA 2604.

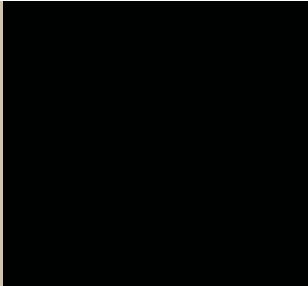

Standard Powder Coat. Available in 188 RAL colors plus wrinkle black! Standard Powder Coat imparts excellent weather resistance with a 1-year warranty against fade.

Super Durable Powder Coat. Available only for the C.H.I. custom colors [below]. Super Durable Powder Coat imparts superior outdoor durability with a 5-year warranty against fade.

C.H.I. CUSTOM POWDER COAT COLORS

				
White	Almond	Sandstone	Brown	Bronze

				
Dark Bronze	Gray	Desert Tan	Black	Charcoal Gray

Refer to your local C.H.I. dealer for exact color match.

1 Warranty against fade of more than 6 Delta-E for one [1] year for standard and five [5] years for super durable powder coat.

Disclaimer

RAL color swatches featured in this color chart have been matched to color standards at a 60-degree visual angle under a D65 Daylight primary source. The swatches are to be considered as an indication only. In practice, discrepancy between the color swatch and the actual powder coating may arise. This is due to paper and ink limitations, the influence of light and heat during the color chart production, as well as gloss level, substrate, surface variations, binder systems and pigments, coating thickness and cure oven conditions used during application. For an accurate color and finish assessment, it is recommended to obtain a powder coated sample panel from TIGER Drylac.
