

# ITALY LONGSTAY 2026

5 nights in Florence, 11 nights in Sorrento,  
and 3 nights in Rome  
21 days, 19 nights

Sorrento, perched picturesquely on a plateau above the sea with spectacular views over the Bay of Naples, has been a popular tourist destination for almost two centuries. The historic seaside town offers a classic 'Mediterranean summer holiday' atmosphere - but without losing all of its Italian character and charm. The key attraction of Sorrento is that it can offer everything from rural walks through lemon and olive groves to a choice of excursions by land or sea. Pompeii, Herculaneum and Naples are accessible in one direction, and the Amalfi Coast in another. Days out can include Roman ruins, low-key seaside resorts and traditional villages and breathtaking scenery.

Rome, the Eternal City has so much to offer: monuments, museums, excursions to the north (for example to Florence), the Vatican, the Coliseum, the food and great shopping. Enjoy 3 nights to see everything you ever wished to see of this beautiful city.
