

HP Poly Studio G62

Product Brief

Design the ideal meeting room with the HP Poly Studio G62 video conferencing system¹ – easy setup, seamless integration, and the customization your spaces need.

Modular in design

Simple to add multiple cameras, microphones, and controllers to fit the specific needs of your room and applications.

Integrator Ready Setup

Forget complex installations. Magnetic mounts and powered by PoE+, you can rest easy knowing installation will be a breeze. Integration into the room with robust APIs and control or 3rd-party control through HP Poly's TC10 makes things even more streamlined.

The Ultimate Setup for Collaboration²

The bigger the space, the more room for distractions. Keep them at bay by pairing the HP Poly Studio G62 with HP Poly peripherals to access HP Poly DirectorAI camera framing and tracking features along with innovating audio enhancements with NoiseBlockAI.

Device Control at your Fingertips

Give yourself some peace of mind. Connect and keep an eye on your HP Poly Studio G62 and HP Poly peripherals remotely using HP Poly Lens, and save time and effort on device management and maintenance.

Additional Accessories

HP Poly TC10

HP Poly Studio E70

HP Poly Studio E60

HP Poly Studio A2
Table Microphone
