

# LEGISLATION FOR SUPERVISORS WORKSHOP

**SET YOUR SUPERVISORS UP FOR SUCCESS**

[www.mineplex.com.au](http://www.mineplex.com.au)

## OUR APPROACH

Mineplex offers a practical and contextualised one-day workshop specifically designed for frontline supervisors to provide them with the knowledge, know-how and confidence to fulfill their obligations.

## LEARNING OUTCOMES

- Investigate the history of Queensland mining legislation to fully understand the context surrounding our current mining safety and health legislative framework.
- Grasp the fundamentals of legislation and how the site's Safety and Health Management System (SHMS) fits into the legal landscape.
- Identify key supervisor responsibilities and learn how to fulfill them by taking "reasonable precautions" and exercising "proper diligence."
- Break down the practical aspects of meeting the newly established Supervisor Responsibilities via real-life situations.
- Implement and oversee effective strategies for risk management, incident management, and communication & consultation.
- Review past incidents to avoid repeating them in the future from the viewpoint of the supervisor.
