

MAXIMUM RUNTIME. MINIMUM OPERATING COST.

THE BOBCAT G18S-5 IC PNEUMATIC FORKLIFT

With a rated capacity of 4,500 pounds, the Bobcat® G18S-5 IC pneumatic forklift improves your productivity while lowering operating costs. Featuring high-powered, fuel-efficient performance and a spacious, ergonomically designed operator compartment, the G18S-5 will increase your runtime – while keeping you comfortable the entire time.

Industry-Proven LP Engines

LP engines provide excellent power, performance, fuel economy and durability, along with low noise and vibration.

Robust Hydrostatic Steer Axle

With fewer moving parts, the hydrostatic steer axle provides low-effort steering with easy maintenance and a longer service life.

Operator Sensing System (OSS)

For increased safety during operation, the OSS automatically locks mast functions when the operator leaves the seat.

Auto Tilt Leveling System

An optional feature, the auto tilt leveling system stops the mast at a vertical position to protect the load and prevent uneven stacking that may potentially cause product damage.

Integral Side Shifter

The integral side shifter allows the operator to shift loads from side to side for precise placement, increasing residual load capacity, reducing handling time and improving maneuverability.

Dual Element Air Cleaner

A dual element air cleaner offers added protection to the engine's air intake, extending engine life and reducing maintenance costs.

Easy Access to Service Areas

Servicing the vehicle is easy thanks to tool-free floor plates and a spring lock that automatically engages when the engine cover is raised.

Standard Safety Features

Standard features like a strobe light, backup alarm and side mirrors offer increased safety and ease of operation.

Well-Placed LED Display

A large, bright LED display continuously monitors all vital systems to keep the operator informed of truck performance and health.

Operator Convenience Package

An operator convenience package provides storage space for paperwork, refreshments, small tools and additional items.

SPECIFICATIONS		G18S-5
Capacity		3500 lb. (1750 kg)
Load Center		24.0 in. (500 mm)
Power Type		LP
Engine Power		45.5 hp (33.9 kW) @2450 rpm
Battery		12V (45 Ah)
Operator Type		Driver Seated
Service Brake		Foot/Hyd
Parking Brake		Hand/Mech
Travel Speed: Loaded/Unloaded		11.2 mph (18.0 km/hr.) / 11.8 mph (19.0 km/hr.)
Lifting Speed: Loaded/Unloaded		118.1 mph (600.0 km/hr.) / 128.0 mph (650.0 km/hr.)
Lowering Speed: Loaded/Unloaded		98.4 mph (500.0 km/hr.) / 88.6 mph (450.0 km/hr.)
Max. Drawbar Pull		3152 lb. (1430 kg)
Max. Gradeability		31.0%
Tire Type		Pneumatic
Wheels, Load/Caster (x=Drive)		x2/2
Tire Size (Front)		6.5 x 10.0-12.0 in.
Tire Size (Rear)		5.0 x 8.0-10.0 in.
Tread Width (Front/Rear)		35.0 in. (890 mm) / 35.8 in. (910 mm)
Service Weight: Unloaded		6635 lb. (3010 kg)
Axle Load at Loaded (Front/Rear)		9127 lb. (4140 kg) / 1366 lb. (620 kg)
Axle Load at Unloaded (Front/Rear)		2799 lb. (1270 kg) / 3836 lb. (1740 kg)
Max. Fork Height		129.9 in. (3300 mm)
Mast Lowered Height		86.0 in. (2185 mm)
Mast Extended Height		171.5 in. (4355 mm)
Overhead Guard Height		85.4 in. (2170 mm)
Wheelbase		55.1 in. (1400 mm)
Length to Forkface		87.2 in. (2215 mm)
Overall Width (Single)		42.1 in. (1070 mm)
Ground Clearance: Loaded (at the Lowest Point)		4.7 in. (120 mm)
Outside Turning Radius		79.6 in. (2022 mm)
Tilt Angle Forward/Backward		6°/8°
Fork Size (T x W x L)		1.4 x 3.9 x 35.4 in. (35 x 100 x 900 mm)
