About this course

This unit describes the performance outcomes required to drive and manoeuvre a trailer while it is attached to a driving vehicle. It involves inspecting the trailer before use, connecting the trailer to a vehicle, driving the trailer, and disconnecting the trailer from the vehicle.

It applies to those working in the automotive service and repair industry. The trailers may have non-pivoting axles or pivoting front axles.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.
