

## MSMWHS218

# Control the risks of falls

### TRAINING DESCRIPTION

This unit of competency covers the skills and knowledge required to recognise and control the risks of falls.

This unit of competency applies to operators who are required to undertake work in which there is a risk of injury to themselves or any other person by falling from one level to another.

This unit of competency reflects the requirements of Part 4.4 of Work Health and Safety (WHS) Regulations 2011. While the regulations focus on the requirements for the Person Conducting a Business or Undertaking (PCBU), this unit is directed at the worker undertaking a specific job/work.

This unit of competency applies to an individual working alone or as part of a team or group and working in liaison with other shift team members and the control room operator, as appropriate.

This unit includes the use of fall-arrest equipment which complies with AS/NZS 1891 Series - Industrial fall-arrest systems and devices as part of this competency.

Some jurisdictions may require the holder of this unit to be licensed or certified and users should check with the relevant authorities.

Full training details can be found here: <https://training.gov.au/training/details/MSMWHS218/unitdetails>

### ENTRY REQUIREMENTS

An individual undertaking this course on behalf of NNZMC PTY LTD T/a Industry Skills Solutions will need to demonstrate the following to be eligible for entry:

- Participants must be 16 years and over
- ID is required
- A Unique Student Identifier (USI) Number (or exemption). This is required prior to enrolments being processed. To obtain a USI number, please go to [www.usi.gov.au](http://www.usi.gov.au) to register.
- Online study/evidence submission: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online studies/evidence submission.
- Participants must have the physical capability to be able to meet the demands of the practical skills demonstration (if required)
- Participants must wear enclosed shoes/safety shoes and comfortable/practical clothing (if required)
- Language, literacy and numeracy requirements - students must be able to read and correctly interpret required documentation relevant to working at heights, speak clearly and unambiguously in English, explain, describe and verify sometimes complex needs and issues and understand the risk assessment requirements. Writing is required to the level of completing workplace forms and producing any required reports. Numeracy is required to the level of being able to correctly calculate distance.
