DELIVERY AND SCHEDULE

Blended Delivery

NNZMC Pty Ltd T/a Industry Skills Solutions RTO 45974 offers this qualification through a blended delivery pathway. This includes the use of our enhanced online learning platform, face to face training and assessment at our site and in workplace. This delivery method is ideal for new entrants to the construction industry. The expected completion timeline for this Qualification is 36 months.

Recognised Prior Learning (RPL)

NNZMC Pty Ltd T/a Industry Skills Solutions RTO 45974 offers this qualification through a Recognition of Prior Learning (RPL) pathway.

The RPL process recognises your existing experience gained through life or work for which you may not have obtained a formal qualification. We will work with you to identify your existing skills and assess if you can then achieve a full or partial qualification. This also helps to avoid unnecessary duplication of training, saving you time and money. Under an RPL pathway you will be required to gather and submit valid, current (preferably under 12 months old, however assessment of currency remains the discretion of the Assessor), authentic and sufficient evidence to demonstrate your existing construction knowledge and skills to meet the qualification requirements.

RPL Entry Requirements

Participants should already be employed as a earthmoving plant operator or civil construction operator/labourer, with a minimum of 12 months experience in the role or have prior civil construction experience and have access to a construction site/sufficient evidence where competencies can be demonstrated and/or verified. The expected completion timeline for this Qualification through RPL is 12 months.

Other delivery options may be available, including face-to-face only. Contact us today.

ENTRY REQUIREMENTS

An individual undertaking this course on behalf of NNZMC PTY LTD T/a Industry Skills Solutions will need to demonstrate the following to be eligible for entry:

- ✓ Hold a current Construction Induction (white card)
- ✓ Participants must be 18 years and over
- ✓ ID is required
- ✓ A Unique Student Identifier (USI) Number (or exemption). This is required prior to enrolments being processed. To obtain a USI number, please go to www.usi.gov.au to register.
- ✓ Online study/evidence submission: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online studies/evidence submission.
- ✓ Participants must have the physical capability to be able to meet the demands of the practical skills demonstration (if required)
- ✓ Participants must wear enclosed shoes/safety shoes and comfortable/practical clothing (if required)
- ✓ Language, literacy and numeracy requirements - students must be able to read and correctly interpret required documentation relevant to civil construction/plant operations, speak clearly and unambiguously in English, explain, describe and verify sometimes complex needs and issues and understand the risk assessment requirements. Writing is required to the level of completing workplace forms and producing any required reports. Numeracy is required to the level of being able to correctly calculate civil construction mathematical principles (ie. volume of area).
