The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Direct cremation price range **$1,700–$2,200**

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The alternative container we provide is the Kraft Box, a fiberboard/cardboard container.

Direct cremation without viewing or ceremony	Price
Simple Cremation with container provided by purchaser	$1,700
Simple Cremation with GPC Kraft Box alternative container	$1,700
Personal Cremation with either container option above	$2,200

Simple Cremation includes a proportionate share of basic services and overhead, transfer from the place of death within our Standard Care Area, the first five days of refrigeration, and cremation for a person weighing less than 300 pounds. When GPC provides the cremation container, the Kraft Box fiberboard/cardboard alternative container is included at no additional charge. Also included are a black plastic urn suitable for scattering, burial or shipping; division of ashes as requested; and pickup at one of our locations. The package price is unchanged if the purchaser provides an acceptable container.

All packages include completion and filing of the death certificate, notification to Social Security, a basic online obituary, newspaper obituary placement assistance, and one American flag for any U.S. veteran. Personal Cremation adds the benefits on page 2.

Certified copies of death certificates, permit charges, newspaper publication charges, applicable sales tax and conditional additional services are separate. See the itemized charges that follow. No casket purchase is required for direct cremation.

Professional services and care

Third-party permit and certificate charges are separate.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

A discounted basic services fee is included in direct cremation and each GPC cremation package. Itemized goods and other service rates remain unchanged; the $1,500 basic services fee is not added again.

Transfer from the place of death to our care. Included in cremation packages. If you authorize the transfer and later choose another provider, the completed transfer remains chargeable; we will itemize any other authorized services actually performed.

Cremation fee **$700**

Includes cremation for a person weighing less than 300 pounds and a black plastic urn for cremated remains. The first five days of refrigeration are included in our cremation arrangements; they are not charged twice.

A Kraft Box alternative cremation container is included in every cremation package. Minimal Preparation of Remains for Viewing, dressing and casketing are separate unless included in Private Farewell Cremation.

Embalming **$700**

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.
