Corey Mandell

ICRF PRESENTS 2026

CONCERT FOR A CURE

Join us on November 25th for unique performances and a memorable evening that will have you singing all night!

Taking place in front of a lively audience of over 600 guests, this event brings together supporters, families, and community leaders for a night of unforgettable entertainment and shared purpose. As one of ICRF's signature events, the annual performance plays a crucial role in raising funds and awareness for lifesaving research, while offering sponsors unique visibility and engagement opportunities.

Your partnership will directly support our mission to find a cure for cancer through the power of science and collaboration. Join us as a sponsor and be part of an evening that inspires, uplifts, and brings real hope to families around the world.

Since its launch in 2012, ICRF Presents has raised millions of dollars in support of groundbreaking cancer research conducted in Israel — a global leader in medical innovation. As one of the largest sources of private funding for cancer research in the country, **ICRF has awarded over \$115 million USD across 3,000+ research grants**, supporting scientists at Israel's top hospitals, universities, and institutions.

Our mission is clear: to advance treatments and find cures for all types of cancer by harnessing the exceptional talent and ingenuity of Israeli researchers. The impact of this work reaches far beyond Israel — benefiting families in Toronto, across Canada, and around the world.

By supporting ICRF, you are championing Israeli science and playing a direct role in driving global progress in the fight against cancer.
