

# Donate Blood In Memory of **Joel Ryndak**

Joel was a talented kid, having started playing hockey at the age of 5, and learning to skate on his grandfather's home ice rink years before that. He eventually went on to become a goalie for many teams in the Buffalo area, ending his career with the Wheatfield Blades and Starpoint High School.

Upon graduation from Starpoint in 2021, he went on to get his associates degree from Ohio Technical College in Diesel Equipment Technology which he completed in March of 2023. He stayed in Cleveland that summer after graduation as he was selected to complete a certificate in Generator Power Systems. Joel started his career with Penn Power Systems in Buffalo, NY, after he moved back home to Cambria.

To know Joel was to know how to laugh, not take life too seriously, work hard, and give to those around you. He was always someone you could count on for help - from the small things like letting your dog out to helping you put new brakes on your car. He cared greatly for those around him - friends, family, coworkers.
