

Congratulations Celeste!

She recently graduated with a Bachelor's Degree in Health Science

HAPPY NEW YEAR!

I hope you all have a wonderful start to the New Year! Many of us will be making some resolutions as we begin 2025. Here is a simple one I would encourage you to add to your list: making sure your vehicle is up-to-date on its maintenance.

Keeping up with the maintenance not only keeps your vehicle running smoothly, but it also prevents expensive repairs and breakdowns. When you bring your vehicle in, it gives us the chance to spot minor issues that may be developing—before they can turn into a larger repair.

If you want to keep your vehicle running safely and efficiently, maintenance is critical. Our technicians are trained and certified to perform anything from oil changes and scheduled maintenance to performance upgrades and extensive repairs. If you have questions about the maintenance requirements for your vehicle, contact us and we'll provide guidance on its various maintenance requirements.

Together, we can make sure your vehicle is operating at its best all year long!
