Corporate Capability Statement

Healthcare-focused Services

Cobalt Health and Wellness, founded in 2007, is successfully graduated SBA (8a) firm strongly positioned nation-wide in the following core healthcare services and solutions. Our Clinical and Digital Healthcare “customer- focused solutions” are designed to improve healthcare efficiencies, reduce cost and quality outcome:

- Military Human Performance Optimization
- Digital Health IT and Telehealth Solutions
- Ambulatory Healthcare Services
- Clinical Staffing
- Professional Services-Health Systems Consulting and Integration

Our professional healthcare services range from Aerospace Human Performance Research, prehabilitation to advanced data capture and analytics including sophisticated health system installations and training. Our human performance professional training programs focus on mental and physical peak performance and integrated mind-body wellness.

COBALT telehealth solutions working in collaboration with the leading systems providers involve consultation, integration, and support. With our diversified Ambulatory Healthcare services, COBALT has established proven talent acquisition and sustainment processes to effectively support customer needs involving diversified medical specialties.

Corporate Distinction

COBALT prides in providing differentiating value to its Government and Corporate customers:

- High standard of integrity and transparency in building customer trust and confidence
- Healthcare Service competency as demonstrated by excellent past performance
- Price competitiveness with our cost-effective pricing structure and low overheads
- Committed and matured organization capable of delivering responsive, quality services
- Innovative hybrid work environment. Meaningful work and life balance. A culture of caring.

"COBALT Past Performance (Samples)

- **Army Human Performance Optimization Program (HPOP)** over five (5) years of sustained quality and delivery based on DOD world-class Tactical Athletes Program (TAP).
- **USAF Aerospace Human Performance Research Program (HPORT)** designed to increase human performance capability of the Fighter Wing deploying aerospace Research Analysts and exercise physiologist complimenting tactical human performance enhancement effort. The program has been effective in maintaining pilot's fitness, mitigate injury and perform at a peak physical level.
- **ANG Fighter Wing Optimizing Human Weapons System (OHWS)** providing pre- habilitation programs focused on spinal health (cervical, thoracic, and lumber spine) deploying Human Performance Specialties (CSCS and PT) and MedX equipment for quantitative assessment and training. Program also involves comprehensive data collections and analysis to demonstrating continuing improvement in Pilot's quality life and overall fitness and readiness.
- **US ARMY MEDCOM WBAMC** Professional ART Therapy Services for the treatment of solders suffering from PTSD delivered by Board Certified ART Therapists. This five (5) years program was successfully deployed with quantifiable performance improvements.
- **Veteran Administration (VA)** Mental Health Counseling involving patients with PTSD and FTE Histopathology Technicians for the VA Medical Centers based in CA and CO.
- **Federal Bureau of Prisons (FBP) - FCC, FMC, FCI** multiple nation-wide FBP locations (KY, CA, TX) involving diversified ambulatory healthcare services from Optometry to Dental Assistance typically Base plus four (4) Option Years.
- **Health and Human Services-Indian Health Services (IHS)** - Raising physical, mental, social, and spiritual health of American Indians and Alaska natives through responsive Nurse Triage Services providing timely access to specialized care referrals.
- **Department of Labor – Job Corps** Work Force Development Programs Support – specifically providing medical services involving Mental Health Consulting and Dental Care for the underserved young adult populations at the Job Corps Centers.
- **Tandem Hospital Partners** – Telemedicine system solutions involving equipment, software, integration and training in strategic partnership with leading solution provider GlobalMed.
- **Karuk Tribe of California** – Telemedicine system solution involving sophisticated Telemed equipment, HD cameras, medical devices, patient-physician interactive software and training - successful-ly delivered to this Federally recognized tribe.
