

A large, detailed dandelion seed head is in the bottom left corner, with its green stem visible. Numerous dandelion seeds are shown in various stages of being blown away, floating across the clear blue sky. Some seeds are close to the head, while others are far away, creating a sense of movement and lightness.

OUR HISTORY.....OUR FAMILY

Bill Dermody, Paul Dermody, Erin Dermody, Maureen Dermody and Percy Hockton are proud to carry on the tradition of care that was first established by our grandfather and great grandfather Perc Dermody in 1922.

This tradition was then carried on so ably by his son, Bill Dermody Sr., his daughter Felicitas Dermody Hockton and his son-in-law Hugh Hockton Sr.

They were exemplary Funeral Directors. They were loving people.

They believed that it was a privilege to provide guidance to a family who has lost a loved one.

They taught us to meet the unique needs of each family we serve and to be nice to everyone.

We strive to do this every time a family needs us - just like they did!

*A good funeral is one where the dead get where they need to go
and the living get to where they need to be.
And we all need a little good orderly direction in that.*
– **Thomas Lynch, Poet & Essayist**

OUR STAFF.....OUR FAMILY

At a recent gathering of past and present staff, a former staff member observed: "No matter where our paths take us in life, working at Dermody's is like working with family".

In making arrangements or attending a visitation or service, or when dealing with our Aftercare team, chances are you will meet a "Dermody": Paul, Percy, Bill, Judy, Erin or Maureen

But you will also meet our wonderful Funeral Directors, Kim Antolich, Kristen Ferby, Vanessa Hordyk, Talisha Paton, Charles Reed, Denis Duguay, and Catrina Meeks or one of our other licensed professionals, our Bereavement Counsellor Christina Walton, our Visitation/Funeral Service Team Patrick Hall, Debbie Riddiough, Larry Falla, Nancy Levesque, Wayne Walsh and Perri Chapman and our Administration Team of Evelyn Gennaccaro and Stephanie Mayot, as well as our Aftercare Specialist and Pre-Planning Funeral Director Katie Hrycun.

We are truly blessed to have such a caring group of colleagues.

Cremation Help

Cremation Help by Dermody's is proud to offer a new convenient online arrangement process and practical approach to arranging funeral and cremation services. You will never be asked to come in the office, instead, you will make the arrangements in the comfort of your own home.

We provide dignified care for the deceased, a cremation container and transportation from place of death to our facility and then to the crematorium. We register all documents with the Province, arrange for Coroner's authorization for cremation, assist with CPP applications and give you proof of death certificates to settle the Estate. Once cremation has taken place, we return the cremated remains in a container.

Whether you're looking for affordability or a personalized yet simpler tribute, we want you to know that we specialize in cremation. We are now able to offer the services you want at the best online price. We are here to serve your family in their time of need day or night.

This lower cost option still includes the respectful care and professional conduct you have come to expect from Dermody's. These two elements have no price tag associated with them. Instead they are part of our business beliefs and commitment to your family. Our goal is to create a far simpler, less expensive, and more convenient tribute to your loved one.

Burial Help

Burial Help by Dermody's is proud to offer a new convenient online arrangement process and practical approach to arranging funeral and burial services. You will never be asked to come in the office, instead, you will make the arrangements in the comfort of your own home.

We provide dignified care for the deceased, a burial container and transportation from place of death to our facility and then to the cemetery of which you have arranged for a burial. We register all documents with the Province, obtain the Medical certificate of death from the attending Physician or Coroner, register the death in the province of Ontario and arrange for an issue of the burial permit to be delivered to the cemetery, assist with CPP applications for the death benefit of up to \$2500 and the survivors benefit and give you proof of death certificates to settle the Estate.

Whether you're looking for affordability or a personalized yet simpler tribute, we want you to know that our staff take comfort in assisting you with a simple yet meaningful burial. We are now able to offer the services you want at the best online price. We are here to serve your family in their time of need day or night.

This lower cost option still includes the respectful care and professional conduct you have come to expect from Dermody's. These two elements have no price tag associated with them. Instead they are part of our business beliefs and commitment to your family. Our goal is to create a far simpler, less expensive, and more convenient tribute to your loved one.
