# DIAL-A-RIDE

The **DIAL-A-RIDE SERVICE AREA (DAR)** operates north of Highway 101, from Old Olympic Highway intersection east to Blake Avenue in Sequim. Service hours for DAR trips are 7:30 am to 5:30 pm, Monday through Saturday. On Saturdays, service is limited to destinations within the Sequim city limits only.

To arrange for this “demand response” service, passengers should pre-schedule rides at least one day before and up to seven days in advance of the desired trip. Scheduled DAR trips may require the passenger to transfer to a fixed-route transit bus (Sequim Interlink, Route 30, Route 50 or Route 52) in the Sequim area to complete the trip.

To schedule a trip call 360-452-4511 Option 1 between 8 am and 4 pm Monday through Saturday.

This DAR Service is available to anyone who lives in or who needs to travel to any point in the service area. The pick-up and drop-off point may be at the closest suitable intersection to your destination. Please be prepared for a pickup allowing for a 15 minute window either before or after your scheduled time.

## CLALLAM CONNECT PARATRANSIT

Clallam Transit System provides curb-to-curb or door-to-door service, as needed, for ADA-eligible persons in Clallam County with an approved application. Paratransit service areas and hours are comparable and are based off of CTS fixed-route service. This is a shared origin-to-destination service and may include multiple stops to serve other customers.

Paratransit applications are available online or from CTS (see contact info on Page 30). For questions regarding paratransit service, please call CTS at 360-452-4511 Option 1 (Monday through Saturday between 8 am and 4 pm).

Current clients may use this number to make reservations or cancellations. An automated notification system will contact paratransit and Dial-A-Ride passengers by phone, text, and/or email to confirm reservations and provide estimated arrival times. Passengers with excessive no-shows and/or late cancellations may be subject to suspension from service.

Please note that all CTS fixed-route vehicles are ADA accessible.
