FEATURED CLIENTS

ALLEN'S RENO: MICHAEL RICH

Michael was visiting from out of town when his 2021 Expedition broke down and had to be towed in from quite a distance away. Facing extensive repairs, he trusted our team to take care of everything. We truly appreciate that trust and were happy to get him back on the road to California safely.

ALLEN'S SPARKS: NICK FOSTER

Nick brought in his super-cool 1994 Land Cruiser crawler project, which had a few drivability issues. Working on this classic gave our team a chance to brush up on the older Land Cruiser systems, and Nick trusted us to see it through. Best of all, we got it running right for him — and even got it to pass a smog inspection.

CLIENT NEWSLETTER SPRING 2026

MANAGER'S MINUTE

We're excited to announce the launch of our new **Allen's Rev-Rewards Loyalty Program** — an idea from our team member, Matt. It gives you something back every time you service your vehicle with us.

You'll earn rewards you can use toward future services, while keeping your vehicle's service history organized and easy to access — all in one place.

Scan the QR code in this newsletter to get started.

If you're already servicing your vehicle, you might as well **get rewarded for it.**

We appreciate your business.

GET READY FOR THE ROAD AHEAD

Changing seasons are a good reminder to give your vehicle a little extra attention. Here are four simple maintenance tasks you can do yourself:

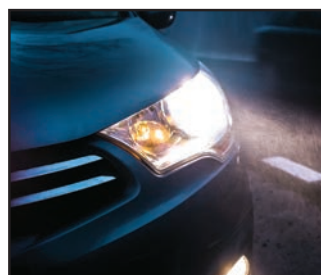

1) CHECK MOTOR OIL

- Park on level ground.
- With engine off, pull dipstick, wipe, reinsert, then check level.
- Oil between lines is OK; if it's below the bottom line, add recommended oil.
- Clean oil is amber; dark/thick oil means it's time to schedule service.

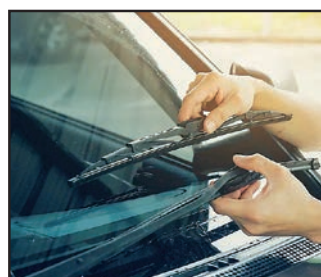

2) CHECK TIRE PRESSURE (temperature changes affect pressure)

- Use a tire gauge; compare to tire pressure listed door-jamb placard.
- Fill tire(s) if low. (If very low, get tire checked for a possible leak.)

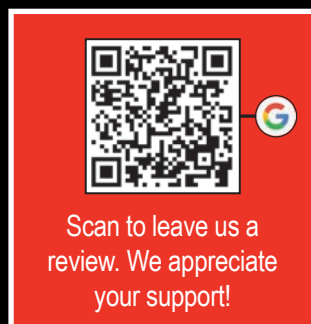

3) CHECK LIGHTS

- Turn on vehicle and ensure it's in park. Test all lights: headlights, high beams, fog lights, and hazards (check that both sides of hazards are blinking).
- Test turn signals (dash and exterior lights).
- Have someone watch while you tap the brakes to make sure both rear brake lights are properly illuminated.

4) CHECK/REPLACE WIPER BLADES

- Streaking, noise, or poor clearing means it's time to replace them.
- Remove old blade and slide new one on until it clicks. (Many auto supply stores will install for you at time of purchase.)
- Test to confirm proper operation

A/C SYSTEM RECHARGE

GRILLED SHRIMP & MANGO SKEWERS

Fresh fruit and a hot grill – a match made in heaven!

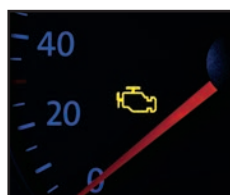

INGREDIENTS

- 1 ½ lb. jumbo shrimp, peeled, deveined, tails on • Kosher salt
- ¼ cup store-bought mild jerk sauce • ¼ cup store-bought mango chutney
- 2 Tbsp. reduced-sodium soy sauce • 2 Tbsp. vinegar-based BBQ sauce
- 1 lg mango, peeled, cut in 1" pieces • 3 scallions, cut in 1" pieces
- 2 Tbsp. neutral oil, plus more for grill • 2 Tbsp. coarsely chopped fresh cilantro • 10 (8") skewers

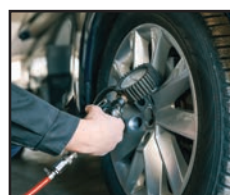

DIRECTIONS

- STEP 1:** Pat shrimp dry and transfer to a large bowl; season with 1 tsp. salt. Add jerk sauce and toss to combine. Cover and refrigerate at least 10 minutes and up to 1 hour.
- STEP 2:** In a small bowl, combine chutney, soy sauce & BBQ sauce. In medium bowl, season mango with 1/4 tsp. salt and toss to combine.
- STEP 3:** Build skewers: start with a shrimp, then mango, then a piece (or 2) of scallion; repeat; end with a shrimp. Drizzle skewers with 2 Tbsp. oil.
- STEP 4:** Preheat grill for medium heat for 5 min. Clean and grease BBQ grates with oil.
- STEP 5:** Working in batches, grill skewers, brushing with chutney-BBQ sauce halfway through, until shrimp is pink and cooked through, approx. 2 to 3 minutes per side.
- STEP 6:** Transfer skewers to a platter. Brush with remaining sauce and top with cilantro.

<https://bit.ly/47irdGL>

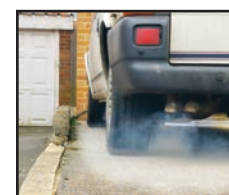

The check engine light can indicate hundreds of issues, from a loose gas cap to serious engine problems.

Tires lose pressure naturally, about 1–2 PSI per month, even without a leak.

A clean car can actually be more fuel efficient (less weight = less drag).

Idling can use more fuel than restarting your car.

WHAT OUR CUSTOMERS ARE SAYING

“ I’ve been coming to Allen’s in Sparks for about 4-5 years. I am always satisfied with the outcome. John is so polite and always helpful. Customer service is amazing, they really do take pride in the work they do. Thank you Allen’s Automotive for always going above and beyond.”

– Carina Olivas

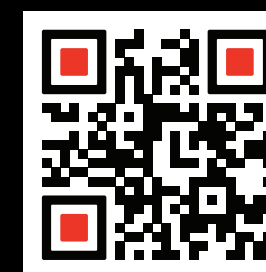

“ I recently got new tires and alignment for my 2021 Ram 3500 at Allen’s Reno using their “Buy 3 Get 1 Free” tire coupon, which beat the estimate I got from Les Schwab. I highly recommend Allen’s – they did a great job!”

– Kenneth McCormick
