## CLIENTS OF THE MONTH

### ALLEN'S: JOSH NOVICK

Josh first came in for a hydro boost and power steering line replacement, and returned the following week for a steering gearbox repair. His trust in us and his positive attitude make him a true pleasure to work with. We're grateful for your business, Josh, and look forward to helping you keep your vehicle in top shape for years to come!

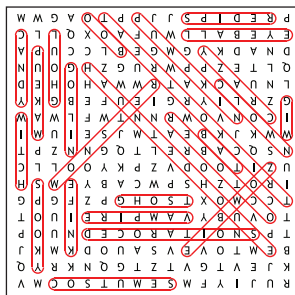

### LEVRETT: TOM BEAN

Tom's 1986 Chevrolet P30 motorhome needed some attention to get it road-trip ready, as it had been sitting for quite a while. We performed the following upgrades and services: rear-facing camera installation, deep cycle battery installation, passenger-side spring removal, air conditioning recharge, rear differential fluid exchange, oil change, rear brake replacement, cooler hose replacement, coolant expansion tank installation, and a smog test. We truly appreciate Tom's trust in us and are honored he chose our team to help keep him safe on the road!

## MANAGER'S MINUTE

Happy Fall, everyone!

I hope you've got some fun plans for the season. In September, I traveled back east to visit family in Connecticut and Rhode Island. The trip was filled with fishing, lobster dinners and lobster rolls, seafood feasts, card games, relaxing by the pool, and—most importantly—time together.

Although I've called Reno home for 30 years now, and truly love it here, it's always special to reconnect with family back east.

Fall is one of my favorite seasons in Reno—crisp air, chilly mornings, and hoodie weather. Of course, it also means winter is just around the corner!

Until next time,

*Skip*

OCTOBER IS FALL CAR CARE MONTH

There’s a month for bikes, a month for pets and a month for yoga. But when it comes to your car, one month just isn’t enough! National Car Care Month comes twice a year: October and April. These months bring attention to the importance of regular preventative vehicle maintenance and care during times when it’s most critical to do so. October is an excellent time to check on any wear and tear incurred over the past months and prepare your vehicle for winter.

CAR CARE TIPS

- 1. Check Tires**  
Check tire pressure, the wear on your treads, and look for any cuts or other damage. Any tires exhibiting significant wear or damage should be replaced. You should also have your wheels aligned at least once a year.
- 2. Check Oil**  
With the advent of modern lubricants, it’s recommended that most vehicles get their oil changed every 5,000 – 7,000 miles.
- 3. Check Brakes**  
Your vehicle’s brakes, rotors, linings, and drums should be inspected with every oil change your car receives.
- 4. Check Fluids**  
There are a slew of various fluids to be checked when you bring your car in for servicing. Make sure your brake, transmission, power steering, coolant and windshield washer fluids are all checked and refilled where necessary.
- 5. Routine Mechanic Visit**  
A routine visit to your mechanic can be the difference between deciding what to do at your destination and deciding what to do now that your car’s broken down. Use National Car Care Month as an opportunity to schedule an appointment and take care of any preventative maintenance before major problems can occur.

The Importance Of Caring For Your Car

In addition to observing safe driving practices, getting proper maintenance is one of the most important ways you can protect yourself as a driver. A poorly maintained vehicle is a risk to you, your passengers and every driver you encounter on the road. A well-maintained vehicle can help avoid costs like towing, repairs and accident-related costs.

- Every October, Breast Cancer Awareness Month shines a spotlight on the fight against the most common cancer affecting 2.3 million women worldwide. The awareness goals are to:
- Encourage early detection through screenings
  - Educate about breast cancer risk factors
  - Support those living with breast cancer
  - Raise funds for research and better treatments.

**The pink ribbon** — first popularized in the 1990s — has become the global symbol of awareness and solidarity. The campaign has saved countless lives through education and screening.

**GUACAMOLE WITCH DIP**

This Halloween Guacamole Witch Dip will be the star attraction on your Halloween table. It's an easy appetizer recipe that's fun to make and comes together quickly. Yields: 4 - 6 servings | Total Time: 15 mins

**Ingredients**

- 1/2 small white onion
- 1 small jalapeño, finely chopped
- 2 lg avocados
- 1/4 cup cilantro, finely chopped
- Kosher salt & pepper
- 2 to 3 tbsp fresh lime juice

**For Decorating:** Blue corn tortilla chips, spiralized carrots, cornichon, radish slices, stuffed olive slices, black olive pieces, small red pepper pieces, capers, and chives

**Optional Additions:** bread and butter pickles, coleslaw, chopped parsley

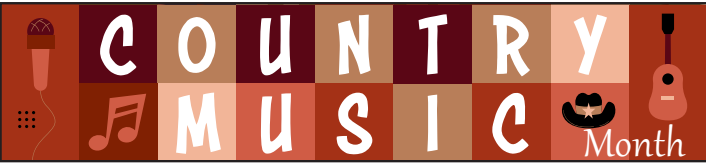

**Directions:**

**Step 1** – In medium bowl, combine onion, jalapeño, cilantro, and ½ tsp each salt and pepper. Using the back of fork, lightly smash.

**Step 2** – Add avocados and lime juice and mash to combine.

**Step 3** – Transfer guacamole to plate. Place tortilla chips at top of face to make hat and spiralized carrots around sides for hair. Add cornichon for nose and radish and stuffed olive slices for eyes; place black olive pieces above eyes for eyebrows. Add red pepper pieces for lips and capers and chives for hairy warts.

**THANKS FOR YOUR KIND WORDS!**

*“I had a leaking fuel filler line and brought my truck in late afternoon and Allen’s was still able to fix it for me that night. The service is very fast quality, what’s also great is everyone is so friendly and they always do an overall inspection before servicing my vehicle. I am very happy with Allen’s automotive and will continue to take my truck there for servicing”*

– William Hartley

*“Levrett Auto Repair is the best! They always go above and beyond with customer service, and our cars are repaired and/or serviced quickly and with very fair prices. We trust Skip and his team completely!”*

– Dave Kahan
