Frameless Barn Door Enclosures with Exposed Rollers & Headers

- Exposed roller, frameless sliding door system features stainless steel bar and hardware
- 3/8" and 1/2" single "barn door" slider available in the most popular configurations
- Available as double bypassing slider in both shower and tub heights (3/8" glass only)

Transcend Bypass Enclosure TRBTE (tub height shown) or TRBSE (shower height)

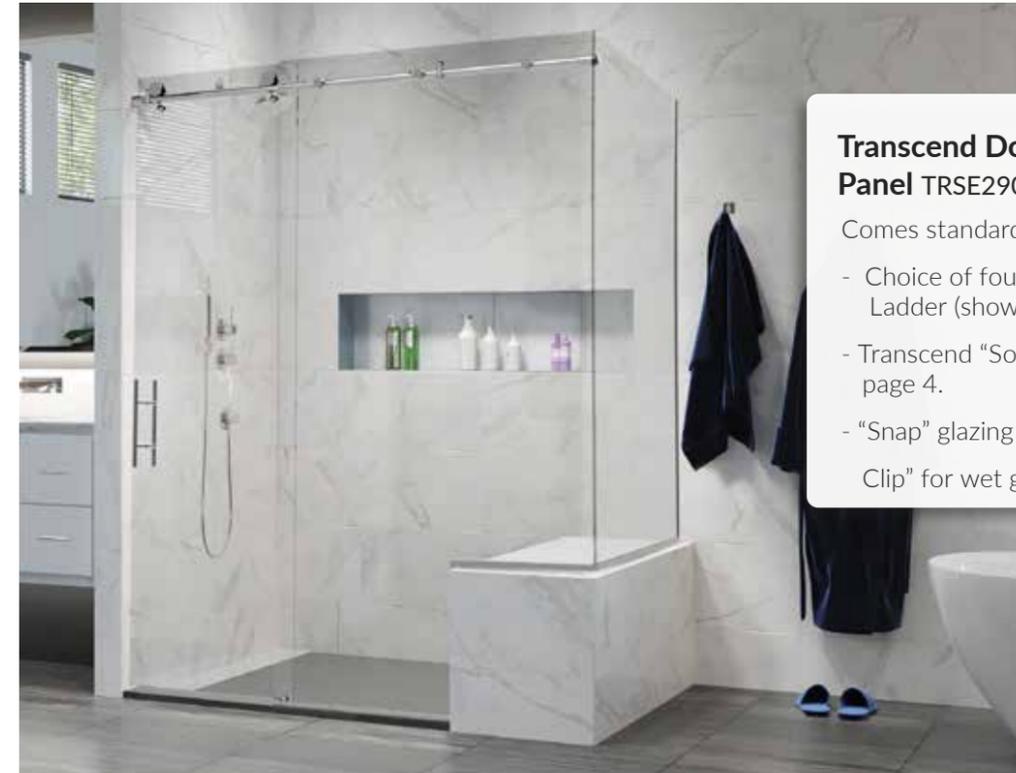

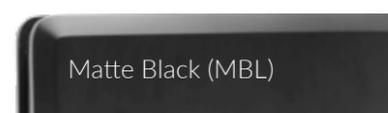

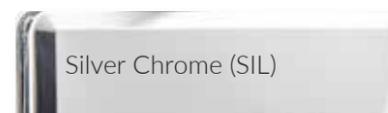

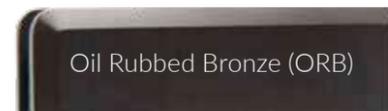

Innovative tub jamb system:

- Protects glass and walls
- Highest degree of water protection available

All new "Soft Sill":

- Retains water inside the shower, but is soft on feet and toes
- Is wheelchair (ADA) friendly, wheels roll over the flexible fin and base
- Perfect for tub units
- Easy on forearms and elbows

Hardware Finish Options

Transcend Door with In-Line and 90° Return Panel TRSE290 (Shower and tub heights)

Comes standard with:

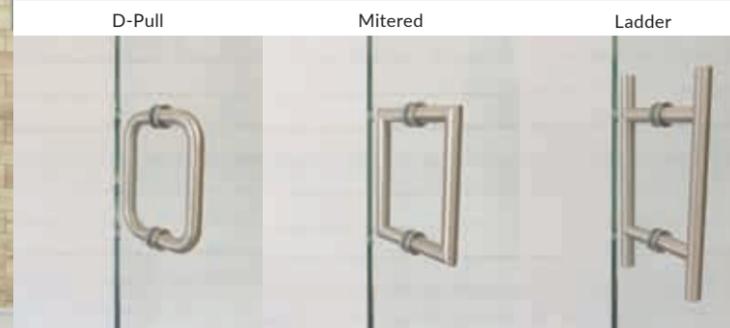

- Choice of four handle options: D-Pull, Mitered, Ladder (shown) and C-Pull (see below).
- Transcend "Soft Sill" innovation explained on page 4.
- "Snap" glazing vinyl for dry glazing or "Centering Clip" for wet glazing.

Transcend Door and In-Line Panel TRSE180 (Shower and tub heights)

- Exposed roller, 3/8" or 1/2" frameless sliding door with single fixed panel.
- Same options as TRSE290

Choose one of the three 8" handle options

High Definition Glass is a new high resolution printed glass available from Agalite. HD Glass provides a new medium for artistic expression while enabling control over all architectural and decorative glass properties. The versatility of digital printing combined with durability of ceramic inks makes HD Glass the preferred choice for any artistic glass application.

Designer Glass

Specialty edgework for top and side designs to add the designer touch to your bathroom. Popular options include mountain and arch tops and soft curved edge sliders.
