

The Value of IFMA Membership for Employers

There are a number of professional associations, but for facility professionals, IFMA offers the best training, education and resources for your organization to improve your facility operations, stay ahead of the competition and positively impact your bottom line.

Compared to other facility management and trade associations, IFMA is the best choice for its unmatched thought-leadership and globally recognized credentials. They have existed for over 40 years and are considered *the association* for facility professionals serious about managing facilities more efficiently.

With the training and education your employees will receive as members of IFMA, they can identify numerous ways you can improve your team and facility performance:

- Your employees will be able to share **key insights, research and best practices** back with the team to improve overall effectiveness
- Your employees will have access to **over 1,200+ articles, videos, templates and other resources** that will help you improve your processes
- Your employees will have **access to over 20k+ facility managers and FM & CRE professionals** so you won't have to re-invent the wheel and can lean on others for best practices and solutions
- Your employees will can leverage the **globally recognized training, events and credentials** IFMA offers to increase the prestige and recognition of your organization

Advantages for your organization

A membership with IFMA will help our company to:

- Reduce unnecessary operations and maintenance costs

- Improve team performance and effectiveness
- Enhance facility cleaning and maintenance, among other operations
- Inform leadership, strategy and project management to improve overall facility operations
- Collaborate more effectively across our teams

Personal advantages for employees

Employees who are members of IFMA will:

- Get the chance to learn from world-leading industry experts that have solved the same challenges we face
- Use the knowledge and learnings from IFMA to strengthen your teams and work more efficiently
- Belong to a community that is investing in making your facility operations more effective and helping employees grow as professionals and leaders in the process

Local chapter benefits

In addition to the many benefits offered by IFMA, The Denver Chapter of IFMA provides unique training and networking opportunities for members including:

- In-person networking events
 - Membership luncheons
 - Annual golf tournament
 - Annual Ski Trip
 - Holiday Gala, Awards and Silent Auction
- Behind-the-scenes facility tours
- Monthly knosh & knows (educational presentations)
- Monthly roundtable discussions on current facility management topics
- IFMA certified trainers for local in-person training
- Scholarships for certifications courses and conference attendance
- Volunteer opportunities to support local organizations
