FUELIowa

Drug, Alcohol & CDL Clearinghouse Program

FUELIowa's Drug, Alcohol Testing & Clearinghouse Program is a great solution to the FMCSA CDL Clearinghouse rule. This integrated program leverages the buying power of FUELIowa members and our expertise to provide a low cost, seamless solution to help you fully comply with the regulation.

HOW DOES IT WORK

DRUG & ALCOHOL TESTING

Services include pre-employment testing, and random selection as part of a FUELIowa consortium of drivers.

We've negotiated low rates for approved chain of custody qualified testing at convenient locations for you, plus you'll have a FUELIowa expert to help you manage your program.

FUELIowa has been managing Drug & Alcohol Testing for our members since 1990.

CLEARINGHOUSE SOLUTION ADD-ON

It's simple. You just register with the clearinghouse and appoint FUELIowa as your third party administrator. FUELIowa will then manage the clearinghouse, and conduct your queries. Plus, an expert at FUELIowa is just a phone call away.

Note: Your company must participate in the Drug & Alcohol Testing Program to be part of the Clearinghouse Solution.

Focus on driving your business and let FUELIowa help you manage your compliance. FUELIowa Drug, Alcohol Testing & Clearinghouse Program will save your company significant time and money and allow you to do what you do best. Let FUELIowa be your safety & compliance expert.
