

NZIMLS Special Interest Group in Molecular Diagnostics
Friday 10th October, 2025
Ernest & Marion Davis Lecture Theatre, Auckland City Hospital,
Grafton, Auckland

You're invited to join us for a full day of inspiring talks, case studies, and networking at the NZIMLS SIG in Molecular Diagnostics!

We're calling for oral and poster presentations across a wide range of disciplines, including:

- Molecular Genetics
- Biochemical Genetics
- Molecular Virology
- Microbiology
- Molecular Haematology
- Cytogenetics

Current focus topics include:

- *Molecular Oncology* – test validation and clinical applications
- *Molecular Microbiology*

But we want more! Got an interesting case from the lab? A new technique or workflow you're validating or evaluating? Something you've learned that others should know? Whether you're new to presenting or have been doing it for years, this is your chance to share and shine.

Our aim? To connect, learn, teach, and grow together as a community.

Abstract submissions close Friday 12th September 2025.
