

Survey of flow cytometry operators, scientists, managers and clinicians

Flow Cytometry training requirements

https://jcu.syd1.qualtrics.com/jfe/form/SV_9LBM6x3KhNFqmGO

The Australasian Cytometry Society, in collaboration with James Cook University, would like to collect anonymous information that will help to shape minimum requirements for flow cytometry training in the biomedical and diagnostic pathology fields. The survey should take less than 10 minutes to complete. Your input is important to us.
