CREMATION SERVICES

CREMATION DISCLOSURE

The cremation of a human being is a process whereby the body is prepared for its ultimate and final disposition by earth burial, entombment, placement into a niche or in a garden within a cemetery, scattering at sea, or holding and safe keeping by a family member or their designated representative.

The body is placed into a cremation casket or a leak proof and rigid container. This container with the body enclosed in it, is placed inside a cremation chamber. (The Environmental Protection Agency refers to a cremation chamber as a pathological incinerator.)

The body is totally consumed (incinerated) by open flames and intense heat. The temperature will generally range between 1400 to 2200 degrees Fahrenheit. The soft tissues of the body are vaporized. The skeletal framework has been reduced to bone fragments and particles (not ashes). These fragments and particles are called cremated remains. The process of cremation may take from three (3) to five (5) hours.

The cremated remains are collected from the cremation chamber by using technical and specialized equipment. The remains are cleaned of any metal or other foreign matter. The bone particles removed vary in size and need to be processed. This is done by pulverization and/or crushing in a specialized machine used only for this purpose, to render them to a size for placement into an urn.

The crematory will call The Thornton Funeral Home, P.A. upon completion of the cremation process and processing and packaging (in a temporary container which consist of a plastic bag and cardboard box) of the cremated remains and final disposition will take place.

CREMATION FEE **\$450.00**

CREMATED REMAINS MUST RETRIEVED WITHIN 7 DAYS AFTER CREMATION **25.00 per day after 7 days**

REQUEST FOR TRANSFER OF CREMATED REMAINS TO THIRD PARTY (URN, MOMENTO, JEWELRY) **\$10.00 per item**

DIRECT CREMATION **\$2,525.00 TO \$3,075.00**

The charge for a direct cremation includes local removal of remains, shelter of remains, local transportation to crematory, necessary authorizations, basic services of staff, crematory fee, a proportionate share of overhead costs. This charge does not include the use of facilities and staff for any visitation or ceremony, public or private, prior to the cremation. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are cardboard boxes and fiberboard boxes.

A. Direct cremation with container provided by purchaser	\$2,625.00
B. Direct cremation with cardboard container selected from our funeral home	\$2,725.00
C. Direct cremation with fiberboard container selected from our funeral home	\$3,075.00
