Current Experience

Karen is an experienced practitioner working with children and young people and their families. Her caseload consists of clients with acquired brain injury and complex health needs resulting from birth injury. Karen has a wealth of experience working with children following amputation and is skilled in the management of children with orthopaedic injuries.

She manages large multi-disciplinary teams and creates thorough, holistic care plans based on detailed assessment. She advocates effectively for children and families, offering tailored support throughout all stages of their rehabilitation, taking into account their social and educational needs in order to improve their quality of life. She implements SMART Goals to ensure timely, effective and cost efficient rehabilitation programmes ensuring optimal outcomes are achieved.

Karen recognises the importance of supporting the whole family in order to ensure their active participation in the rehabilitation process.

Karen is a skilled communicator and strives to ensure that each client remains at the centre of the rehabilitation process.

Previous Experience

Paediatric Nurse – Working on an acute ward within a specialist children's hospital, caring for patients with long-term health conditions and complex clinical needs.

Learning Disability Link Nurse - Spearheaded initiatives to improve learning disability policies within hospital settings, enhancing the support system for affected children and families.

Ofsted Registered Childminder - Sole care of children age 0-11 years. Daily activities provided within the home and the local community.

Volunteer Work - Engaged in community service with homeless adults, providing meals, clothing, and advice, highlighting her commitment to societal welfare.
