Pam Clarke

BSc(Hons)OT
Case Manager

Personal Statement

Pam is an occupational therapist (OT) with over 25 years of clinical experience working with children and adults with a diverse range of complex physical and neurological needs and psychological trauma. Pam has worked as a case manager for seven years and an expert witness for 15 years with clients with brain injuries, spinal cord injuries, genetic abnormalities, amputations, burns and hand injuries, and visual impairments. She has worked in various settings including NHS acute inpatient, community services, private practice, and as an associate lecturer.

Pam commenced her OT career in the NHS at Wexham Park Hospital and the Oxford University Hospitals NHS Foundation Trust. In 2011 and until the present, Pam became a care and OT expert witness, accepting instructions from both claimant and defendant representatives. In 2015 she worked in community services as both an OT and a Best Interest Assessor. In 2017 Pam also undertook an associate lecturer role at Oxford Brookes University and started in private OT practice. In 2019 Pam commenced work as a case manager with adults and children with an extensive range of complex and catastrophic injuries. Pam sets up and manages care teams including 24 hour care provision, coordinates multidisciplinary rehabilitation teams and service providers, liaises closely with clients and family members, and provides regular high quality reports to legal parties.

Pam is collaborative, innovative and supportive in her approach and is a strong advocate for her clients, maximising their quality of life. She is an effective communicator with considerable experience in the litigation process.

Pam undertakes continuing professional development by attending regular webinars, conferences and training courses and refresher training in the revised Civil Procedure Rules.
