Current Experience

Rachel is an experienced and skilled Case Manager. She manages a diverse caseload of both children and adults, including clients with Acquired Brain Injuries and Birth Injuries.

Rachel is experienced in completing Immediate Needs Assessments for individuals following life changing injuries. She is responsible for coordinating, monitoring and supervising tailored support and rehabilitation packages to meet each client's specific needs. She has extensive experience in collaborating with therapists and establishing effective multidisciplinary teams. Rachel places great importance on building strong, trusting relationships with clients, their families, and support workers. She is highly attuned to the emotional and practical challenges faced by individuals going through rehabilitation and litigation processes, and she works diligently to ensure that their voices are heard and their preferences respected at every stage.

Previous Experience

Case Manager at RICMS Ltd - Managing a mixed caseload of pre and post trial children and adults with brain injury and complex disabilities. Prepared comprehensive reports on request.

Oversaw the management of 24 hours client care packages.

Senior Case Manager at JS Parker - Managing a large caseload of Catastrophic Brain Injuries, complex orthopaedic and Birth Injuries. Vast experience of setting up and managing 24 care packages for clients in their own homes.

Provided support and supervision to Case Managers.

Staff Nurse within NHS inpatient Forensic, Mental Health and Challenging behaviour services and community teams where she play a vital role in assessing, planning, implementing and evaluating treatment plans for key clients.
