Current Experience

Wendy is an experienced Case Manager working with a diverse caseload of adult clients, including those with orthopaedic injuries, polytrauma, cerebral palsy, and spinal cord injuries. She is committed to delivering high-quality, client-centred rehabilitation through structured SMART goal planning and clear outcome-focused pathways.

Wendy provides regular rehabilitation updates and costed reports, ensuring interventions remain on track, within agreed timeframes, and aligned with budget expectations. She is known for her professional, supportive, and empathetic approach, consistently building strong relationships with clients and stakeholders alike.

Previous Experience

Clinical Nurse Specialist, Dermatology – Managing a busy caseload of new and follow-up patients within Sheffield Teaching Hospitals. Delivered nurse-led clinics focused on personalised intervention plans and worked closely with the multidisciplinary team to support continuity of care and positive patient outcomes.

Senior Sister, Specialised Medicine – Leading departmental operations, maintaining high clinical standards while implementing service improvements. Played a key role in change management and microsystem development to enhance workflow and efficiency. Outreach Sister – Worked autonomously across hospital and community settings, providing expert assessment and treatment for patients with complex needs. Collaborated with wider clinical teams to support safe and effective care delivery.

Senior Nurse, Orthopaedics – Providing specialist care for patients with traumatic orthopaedic injuries and those undergoing elective procedures, supporting recovery through coordinated care and clinical excellence.

Staff Nurse, Rehabilitation – Delivering rehabilitation-focused nursing care for patients recovering from stroke and orthopaedic injuries, promoting independence and functional recovery in a supportive ward environment.
