WE WORK WITH SCHOOLS ACROSS LONDON, THE SOUTH EAST & EAST OF ENGLAND

The highlighted area shows where we regularly support schools across London, the East of England, the South East and parts of the Midlands.

Trusted by schools across multiple regions

Helping bring your ideas to life

From first ideas to final installation, we help schools create inspiring spaces.

The Main Material We Use for Your Wall Graphics is Polymeric Vinyl.

Durable Materials

For busy school environments.

Finishes & Uses

Wall graphics can be produced in a range of materials to suit your space, including:

- ✓ Wall vinyl
- ✓ Wallpaper
- ✓ Window graphics
- ✓ Panels

POLYMERIC VINYL

MONOMERIC VINYL

Superior Durability

Resists shrinkage, fading and peeling.

Long-lasting performance

Ideal for high-traffic school areas.

Premium quality

Stable and reliable for long-term use.

More basic material

More prone to shrinkage, fading and peeling.

Shorter lifespan

Better suited to short-term or low-traffic use.

Cost-effective upfront

Less durable over time in busy environments.

Each material is selected to ensure a professional finish and reliable performance within the school environment.

Why Schools Choose Cubed Creative:

More Than a Printer

We are visual storytellers. We don't just "stick things on walls" we work with you to ensure the art reflects your school's specific mission and curriculum.

High-Performance Materials

We use industry-leading, high-tack materials chosen for longevity in high-traffic corridors and classrooms.

Built to Last

Our graphics are scuff-resistant, wipe clean and are designed to withstand the daily hustle of school life for years to come.

Safety & Compliance

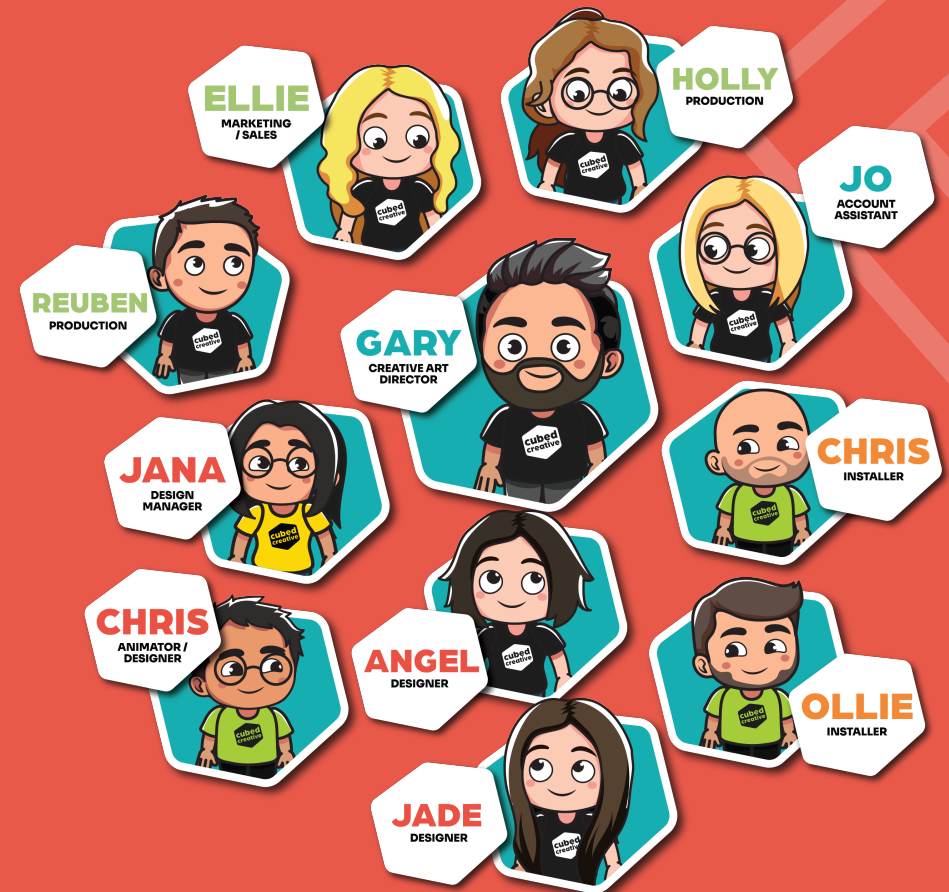

Fire-Rated for Peace of Mind: We use materials that meet Class 0 and Class 1 fire ratings, ensuring full compliance with UK building and school safety regulations.

100% DBS-Cleared

Our installers are fully vetted, allowing for safe, worry-free installation during or after school hours.

The Problem with blank walls

WHY THIS MATTERS:

The spaces pupils, staff, and families move through each day help shape how welcoming, purposeful, and engaging a school feels.

PARENT PERCEPTION:

First impressions matter. The environment helps shape how families feel about the school from the moment they arrive.

MISSED OPPORTUNITY:

Pupils move through these spaces every day. They could reinforce learning, reflect values, and strengthen school identity.

THE SOLUTION:

Turn everyday spaces into areas that feel purposeful, welcoming, and inspiring.

The power of **VISUAL SPACES**

VISUALS SHAPE LEARNING

What pupils see every day can reinforce ideas, spark curiosity, and keep learning visible beyond the classroom.

VISUAL MESSAGES STICK

Strong displays help key ideas stay seen, noticed, and revisited throughout the day.

LEARNING BEYOND THE CLASSROOM

Corridors, stairwells, and shared spaces can keep subject knowledge visible long after the lesson ends.

YOUR ENVIRONMENT SETS THE TONE

The spaces pupils move through each day can reflect pride, purpose, and the culture your school wants to build.

The Process

From Idea to Installation

We're happy to discuss your **school wall graphics** project at a time that suits you.

Share your ideas, wall photos or specifications, and Cubed Creative will provide a clear cost estimate based on your goals and space.

You can leave a message through the Contact Us form or connect instantly via WhatsApp.

STORY

FAQs

How long does installation take?

Installation time depends on the size and complexity of the graphics. Many projects can be installed within a day, while larger areas may take longer.

1

Can installation happen during term time?

We can install graphics during term time, but this depends on the area and whether disruption to pupils is suitable.

2

Are the graphics durable?

Yes. The graphics are produced using durable materials designed for busy environments such as schools.

3

How long does the design stage usually take?

The Design phase normally takes between three and six weeks.

4

Can graphics be removed or updated later?

Yes, they can be removed but normally cause damage to paint underneath.

5

Do you provide custom designs?

Yes. All graphics are designed to suit each school's curriculum, space, and identity.

6

How long should freshly painted walls cure before graphics are installed?

Freshly painted walls should normally be left to cure for around two weeks before wall graphics are installed to ensure proper adhesion.

7

CARE, DAMAGES & REPAIRS

Designed for busy school environments

Built for everyday school life

Our wall graphics are durable, laminated and designed for everyday school use. In busy areas, occasional scuffs or marks may occur.

Keep them looking their best

Regular light cleaning and visual checks help keep graphics fresh, vibrant and long-lasting.

Repair Service Available

Quick, professional
repairs with
minimal disruption.

Cleaning & Everyday Care

Wipe clean laminated finish

Our wall graphics feature a wipe clean laminate, making routine maintenance simple.

Use a soft cloth and mild solution

To remove fingerprints, marks or dust.

Avoid harsh chemicals

Harsh chemicals and abrasive cleaners can damage the laminate and print.

Protect the surface

Always protect the printed laminate surface to maintain quality and extend lifespan.

CARE, DAMAGES & REPAIRS

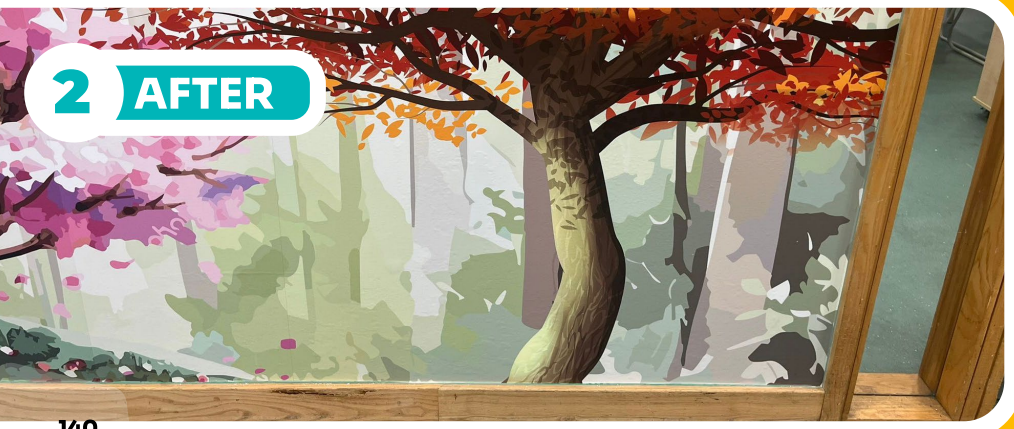

Preventing Damage

High-traffic areas such as corridors, stairwells and entrances experience the most contact from bags, furniture and daily movement. Careful placement, regular monitoring and staff awareness help prevent unnecessary wear in these spaces.

1 BEFORE

2 AFTER

Repairs & Replacement

Because our graphics are produced in panels, damaged sections can often be reprinted and replaced quickly without removing the entire wall graphic. Prompt repairs help maintain appearance and prevent small issues from becoming larger problems.

Panel-by-panel Replacement

Only damaged sections are replaced.

Quick Turnaround

Minimal disruption to your environment.

Helps Maintain Appearance

Keeps your spaces looking their best.

OUR GUARANTEE

Quality you can rely on

- ✓ Our school wall graphics are produced using durable, high-quality materials designed for busy educational environments
- ✓ Every installation is completed to professional standards and backed by our **PREMIUM two-year guarantee** covering materials and workmanship over our standard six months if the walls have been sealed.
- ✓ Using premium polymeric vinyl and specialist finishes, our graphics are designed to resist fading, lifting and shrinkage. They stay vibrant and professional for years to come.

Supporting a greener future

EVERY PROJECT WE COMPLETE

1 TREE PLANTED

We believe great design should also support the environment.

This simply helps contribute to global reforestation while allowing schools to play a small part in creating a more sustainable future. For every school wall we complete, a tree is planted through our reforestation partner.

Together, we can inspire positive change - one school, one wall, one tree at a time.

TREE PLANTING

WALL PREP

A smooth surface leads to stunning results.

Preparing Surfaces

Proper preparation helps your wall graphics adhere better and look their best for years to come.

Clean

Walls should be clean, dry, and free from dust or grease.

Repair

Fill any holes or imperfections and sand the surface smooth.

Remove

Remove any flaking paint or loose wallpaper.

Allow to Cure

Freshly painted walls should be left to cure for approximately two weeks before installation.

TOP TIP

A little time spent preparing the surface makes a big difference to the final result.

TOP TIP

Sealing the wall helps protect your graphics and gives you a premium 2-year guarantee, compared with a standard 6-month guarantee.

Better Adhesion

Improves grip and reduces the risk of peeling, bubbling or lifting.

Even Surface

Helps create a uniform surface for a smoother installation.

Longer Lasting

Supports the durability and performance of your wall graphics.

Two-year Guarantee

Get an upgraded guarantee when walls have been sealed. Can last up to 10 years.
