### **FUNDING TABLES - WHICH ONE APPLIES TO ME?**

The working parent entitlement and universal 3 & 4 year old funding becomes eligible the term after a child turn 9 month or 3 years old for the universal funding as per the table below:

<b>When your child turns 9 months old/or 3 years old:</b>	<b>When they can get those hours from:</b>
1st September and 31st December	Term starting on or after 1st January
1st January and 31st March	Term starting on or after 1st April
1st April – 31st August	Term starting on or after 1st September

As the working parent entitlement and universal 3 & 4 year old funding is worked out on terms, how much funding is available will depend on when during the academic year your child becomes eligible (as per table above).

**TABLE 1** - Table 1 shows the fees for children that have been receiving working parents entitlement funding or universal 3 & 4 year old funding from September or before.

**TABLE 2** - If your child turns 9 months and you are eligible for the working parents entitlement funding or turn 3 for the universal 3 & 4 year old funding for the first time between 1st September and 31st December your funding will become applicable from January, therefore you need to refer to TABLE 2 (fees from January). These fees will apply until 31st August the following year, then from 1st September the fees will be those on TABLE 1 (fees from September).

**TABLE 3** - If your child turns 9 months and you are eligible for the working parents entitlement funding or turn 3 for the universal 3 & 4 year old funding for the first time between 1st January and 31st March your funding will become applicable from April, therefore you need to refer to TABLE 3 (fees from April). These fees will apply until 31st August the following year, then from 1st September the fees will be those on TABLE 1 (fees from September).
