MICHELIN GUIDE RECOMMENDED

Cetrella

Mediterranean

In the beach town of Half Moon Bay lives stylish and sophisticated Cetrella. Decorated like a Mediterranean villa with stucco walls and vaulted ceilings, there is even a temperature-controlled cheese room bound to gratify those dairy fanatics. The best seats in the house are those in the private wine cellar or around the roaring fireplace in the main dining room, making this a beloved destination for celebrations, groups, and date-night.

The enticing *carte du jour* is produced with skill, and may reveal such delights as a velvety green garlic soup, enriched with cream and delicately garnished with a prosciutto chip; or a braised lamb shank with tender root vegetables. Cardamom panna cotta with strawberry salad is the best way to seal this lovely meal.
