

Directions to the Plant Vogtle Energy Education Center

- On I-20:
 - If you are traveling eastbound from Atlanta toward Augusta on I-20 East, take Exit 196 for Bobby Jones Expressway (I-520).
 - If you are traveling westbound from South Carolina toward Augusta on I-20 West, take Exit 6 for Bobby Jones Expressway (I-520).
- Once on I-520 (Bobby Jones Expressway), continue until you reach Exit 9 for Mike Padgett Hwy (Hwy 56).
- Take Hwy 56 / Mike Padgett Hwy south, heading toward Waynesboro, GA.
- Travel approximately 12 miles on Hwy 56. After crossing the railroad tracks, take the first left onto River Road (56 Spur).
- Continue for approximately 14.5 miles on River Road (56 Spur).
- Drive past the former Vogtle 3&4 construction entrance, then the Georgia Power Solar Facility.
- After passing through the traffic light, immediately turn left onto the main entrance road for Plant Vogtle. The entrance is marked by a large white Georgia Power sign.

Pass through the traffic signal, and turn left immediately after this sign onto the main entrance road. Get in the right lane.

Continue straight and pass by this red pavilion. No stopping or check-in is required. Building is not staffed.

Continue straight 1/10th of mile, and turn left, and drive to the Plant Vogtle Energy Education Center parking lot. The Energy Education Center is on the first floor. Enter the lobby and you'll see the entrance and exhibits on the left.
