Welcome from the President

Thank you very much to our judges, stewards, volunteers, sponsors and supporters without whom the show could not be held. Our Show Team work almost 3,000 hours every year to make the show happen.

This is the second time that I have had the pleasure of welcoming you all to the 189th annual Kilmacolm and Port Glasgow Agricultural show. I hope the sun will shine like last year. It was great to see so many of you there and I would like to say thank you for all your support, and I know there will be tremendous support again this year, and a good time will be had by all.

Fellow directors and I have had to amend our usual show setting due to the plantations of trees. The show has been held at the Knapps since 1853 in what has been described as one of the most scenic of any agricultural show in Scotland. For this we must thank the Maclay family and John Smith. We were worried we would not be able to hold the show this year, however, due to all the show directors fantastic fast work, 'the show will go on!'. We hope you like the new layout as much as we do. We know that there may be a few teething problems, but I hope you will all be understanding due to the circumstances. I would like to thank the committee for all their hard work in rearranging this at very short notice and hope you all agree they have done a tremendous job.

I would like to thank my fellow directors for all their hard work, especially over the last few weeks. Without them putting on an event such as this would not be possible. A special mention must go to Giulia Canata and Mandi Brown because without their organisational skills and enthusiasm we would struggle to pull the show together. They are also a great support to me and keep me right.

My thanks go to the ladies of the industrial section for their huge contribution throughout the year, especially for their efforts on show day. Similarly, the light horse committee and many helpers put on a great show of horses and competitions throughout the day. We are very grateful to the dog team for organising the extremely busy dog section. Also, a big thank you to the judges for giving up their time to come along on show day and the many stewards who help to keep the show running as smooth as possible.

Our thanks to all the exhibitors and sponsors of the show whom many have been supportive of the show for many years.

Finally, my thanks go to you. The success of the show is found with the many competitors and public that attend, contribute and support it. Thanks to you all and I hope you have a very enjoyable day.

2024 In Memoriam

Cyril McWilliam 13th February 1943 – 31st August 2023

Cyril was a Doonhamer who left his native Dumfries to join the Police in Glasgow. He met Lilian, one of the Berry girls from Kilmacollm, and in 1971 he married her and they set up home in Belmont Rd and in due course were joined by son John and daughter Diane. They subsequently moved to Dykefoot Farm, then Knockbuckle Farm before finishing up at Slates.

He was introduced to KPGAS when helping out at Milton Farm in his spare time, becoming a Director in 1984. Once in the clutches of the Committee he was coerced into becoming Entertainment Convenor where he used his contacts to good effect, bringing Cap'n George and his helicopter to the show as well as the Strathclyde Police Pipe band. He made sure that the Main Ring was used to the fullest and one year, in a downpour, sent the dancers, including Diane, into the ring wearing wellies and averring that it was 'just a drop of rain'. Diane remains emotionally scarred. He also used his position to ensure that the result of the title decider between Rangers and Aberdeen in 1991 was broadcast over the PA system.

He served as Convenor in 1987-88, 1990-92 before becoming Vice President in 1993, a post he held for three years until his election as President in 1996. Whilst he enjoyed his three year tenure, it was his time firstly as Past President from 1999 to 2001 and then as Honorary Vice President from 2005 that gave him the most pleasure. He was able to wander round the show socialising and trying his hand at the Ardgowan Tombola stall before latterly setting up camp on the side of the hill where there was an open bar and a constant stream of friends paying court.

Cyril was a true countryman with a deep love of hunting, shooting and fishing, and show day was always a most special day in his calendar

Show History
ESTABLISHED 1835

Visit our website for more historical photos and info!

The 2024 Show sees some layout changes to accommodate tree planting but this is not the first time the show has adapted to outside influences.

The show was established in 1835 to bring the rural community together and promote best practices in livestock, dairy and crop production. The event has stayed true to its origins but classes have evolved over its 189 year history from just Cattle, Sheep and Horses. Biscuit Baking and Homemade Butter were first recorded in the schedule in 1894 and the dog section arrived in 1923.

For farming families of Kilmacolm and the wider area throughout the generations it has been a day to come together with family and friends, show off their animals and produce to the wider community, and put on their finery... as well as have some friendly competition with neighbouring farms!

From 1835 until 1952 the show was held in different venues including Planetreeyets, Port Glasgow and Lawpark. As the popularity of agricultural shows grew throughout the Victorian period, trade stands, stalls and ice cream vendors were added. In 1897 the first pipe band was booked for entertainment and in 1933 an Industrial Section was introduced including Baking, Eggs and Embroidery. In 1953 the show settled at the

Knapps where it has been held ever since. It was around this time that the combustion engine replaced Clydesdale horses which dwindled almost to extinction in favour of new machinery and tractors. Clydesdale horses are now kept as pleasure horses and are a favourite with spectators. We are lucky to have a great array of vintage tractors displayed at the show each year.

In 2020 the show faced a new challenge having only previously been cancelled by war and Foot and Mouth disease - Covid 19 forced us out of the field. However the committee rose to the challenge and entered into the realms of cyberspace. The virtual show was a great success with exhibitors enthusiastically filming and photographing everything from Handy Pony challenges to the muckiest dog competition. It was so successful that 2021 virtual show grew and developed allowing the local community to continue participating.

In 2022 we were back on the showfield and raring to go with the sun shining. The show enjoyed its largest ever turnout, and this popularity, and good weather continued in 2023. This year, we look forward to enjoying many of the same classes and entertainment of the generations before us and hopefully the great weather of the past few years.

YELD MARE: female horse that has not had a foal been in foal this season.

ABBAY VETERINARY GROUP

With over 100 years of experience we are very proud that we are now the only veterinary practice in Paisley and Inverclyde that still provides a personal 24/7 Emergency Service, which is run by our own staff at our own surgery at reasonable cost.

During the night and at the weekends our small animal patients are treated by our vets at our surgery and not sent to the middle of Glasgow. Your horses and livestock are treated by our vets at your premises.

Who would you trust to look after your pet?

We are very proud to have two vets on call each and every night as we have done for over 50 years.
