CAPABILITY STATEMENT

Tony and Jane Curcio, trading as Atherton Tableland Concreting Pty Ltd, have provided quality concreting services from site set out, detailed excavations, set up formwork & reofixing, place and finish since 2007. We are a locally owned family company where Tony is Site Manager, responsible for smooth daily operations and Jane is Administration/Safety Manager, ensuring all licensing, insurances and safety procedures are current. We maintain suitable resources with machinery, tools, suppliers and trusted staff (x 15) to complete jobs on time, within budget and an impeccable safety record.

We are well established, having grown from residential work to large commercial

jobs, including industrial shed slabs, tilt panel walls, suspended flooring, stairs, pits, ramps and decorative finishes across the Atherton Tablelands & Cairns region. The list below shows we have a solid track record of reliable and accurate concreting works, with repeat business from our reputable client base. Our website shows a gallery of projects undertaken, which is testimony to the experience and professionalism offered by our Company.
