

Stationary Options for our Memory Folders and Guest Book

Below is an example of the interior setup of our custom memory folders which we use to create a record of your loved ones funeral service for you and your guests. These are distributed to all who attend the services, as well as a guest book for recording the names of attendees. Typically the artwork you select will match on the front of the memory folder and guestbook. Please select the type of artwork you would like to have on your folder and guest book first. Then choose a prayer, verse, or poem of your choosing from our prayer selection book. If you have a more personal passage you would like to use, please provide this to your funeral director for printing. Using a photo of your loved one is optional.

Prayer Cards

Below is an example of the setup of our custom prayer cards. Some family's choose to use a Catholic prayer card instead of a memory folder. When choosing a prayer card we use a variety pack of 8 different cards. The back of each prayer card will be identical with an assortment of 8 different types of artwork on the front. If you are selecting a prayer card assortment below, you will still need to select a guest book. You can choose from any of the previous selections above for your guest book cover. Using a photo of your loved one is optional.
