

7th Grade

LEARNING CHECKLIST

STUDENT: _____

No	ACTIVITIES	1	2	3	4
1	Math - I can use what I know about proportional relationships to solve multi-step, real-world problems.				
2	Math - I can use addition, subtraction, multiplication, and division to solve real-world problems involving rational numbers.				
3	Math - I can understand that rewriting an expression in a different way can show how numbers in the problem are related.				
4	Math - I can calculate real-world math problems using positive and negative rational numbers, including whole numbers, fractions, and decimals. I can convert between different number forms. I can use estimation to make sure my answers are reasonable.				
5	Math - I can draw geometric shapes when given information about the shape. I can draw triangles when I am given information about their angles or sides.				
6	Math - I can use lists, tables, tree diagrams, and simulations to show sample spaces for compound events. I can point out possible outcomes.				
7	English - Write 3 compositions, one of which has a minimum of 5 pages (12 font double spaced), using 3 non-encyclopedia resources.				
8	English - Give a three- to five-minute speech/demonstration				
9	English - Write 4 formal book reports and read 15 age/grade appropriate books				
10	Science - Complete $\frac{1}{4}$ of the science textbook each marking period				
11	History - Complete $\frac{1}{4}$ of the history textbook each marking period				
12	Typing - Practice skills through formal report typing				
13	Handwriting - Print: Complete 1 workbook				
14	Handwriting - Cursive: Complete 1 workbook				
15	Gym - Participating in 1 sport/activity plus daily farm chores				
16	Bible - Completing $\frac{1}{2}$ the Kids Bible Recap in 1 year				
19	Life Skills - Practice using basic tools in construction and repair				
	Life Skills - Learn to cook 1 recipe with mastery
