Dear Mr. O'Brien,

of NQ Industrial Electrics;

APPOINTMENT AS AUTHORISED INSPECTION STATION

You are hereby appointed in accordance with section 25.(f), *BMA Coal Procedure for Vehicle and Mobile Equipment Compliance*, as an **Authorised Inspection Station** for vehicles and mobile equipment operating on BMA/BMC Operations.

This appointment as an Authorised Inspection Station recognises that you have the capability to adhere to the following requirements:

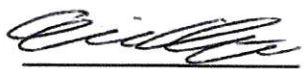

- Be a registered Company;
- Possess quality control processes that are maintained within the business;
- Be adequately resourced to satisfy the requirements of the BMA/BMC equipment compliance system;
- Have a thorough understanding of the intent and requirements of the BMA/BMC equipment compliance system and legislative obligations.

In carrying out BMA/BMC vehicle and mobile equipment compliance inspections, you are required to satisfy the requirements of the *BMA Coal Procedure for Vehicle and Mobile Equipment Compliance*, and the *COAL Standard for Vehicle and Mobile Equipment Compliance*.

This appointment approves your company to perform compliance inspections for vehicles and mobile equipment operating on BMA/BMC Operations, within your Company's range of competencies and authorisations.

You are required to ensure that authorised inspectors working for your Company possess the adequate competencies and authorisations in order to conduct these compliance inspections.

Yours faithfully,

 11/02/20

Eric Elston
Principal Compliance Engineer
BMA Asset Governance & Technical Stewardship

I, **Travis O'Brien**, accept this appointment and all responsibilities for the role of Authorised Inspection Station.
