ALL PROCEEDS GO TO CHARITY

WELCOME TO THE 2025 BORDON SOAP BOX!

After the roaring success of our 2023 event, the Bordon Soapbox Derby is back with a bang! With two years of planning, passion, and pedal power behind us, 2025 promises to be even bigger, better, and bolder.

We're thrilled to welcome you to a day packed with high-speed action, epic crashes (the fun kind), creative kart builds, and all the community spirit you could ask for. This year's event has grown into a full-scale celebration, with live entertainment, fantastic food vendors, kids' activities, and over 10,000+ visitors expected on site!

Behind the scenes, a small but mighty volunteer committee has dedicated countless hours to organising what you see today. From securing road closures to ensuring public safety with anti-terrorism measures (in light of recent global events), every detail has been carefully considered to make today not just fun, but safe for all.

We're incredibly proud to share that Soapbox is now a standalone, non-for-profit organisation, run by locals for locals. We exist thanks to the generosity and support of our wonderful sponsors, local businesses, advertisers, and of course, you, our community.

Your donations today will directly support four vital local causes, which you can read more about at www.bordonsoapbox.co.uk/charity.

QR code donation points are placed throughout the event site, please, please, please do scan and support if you can. Every penny makes a difference.

So buckle up and enjoy the ride, whether you're racing, cheering, or simply soaking it all in, today is about celebrating the unstoppable spirit of Bordon.

Let's make memories, raise vital funds, and bring the community together once again.

THE WHY.

PEOPLE OVER POLITICS - WE'RE UNITED BY A COMMON PURPOSE

At the heart of the Bordon Soapbox Derby lies more than just gravity-fueled racing and joyous chaos. It's about community. Here's why we're together in the name of charity, connection, and making a difference.

We're a wholly volunteer-run non-profit organisation, powered by local kindness, collaboration, and goodwill. There's no hidden agenda, just a shared ambition: to uplift our town and surrounding communities, this year we support four essential community projects

Our Four Charity Partnerships – The Good We Do Together

Every penny raised through sponsorship packages, trackside banners, merchandise, and your generous donations directly supports four local causes:

BORDON FOOD BANK

Providing meals and essentials to families and individuals in crisis. Operated entirely by volunteers, it's a vital lifeline for those who need help most in our own community

THE GREEN ROOM SCHOOL

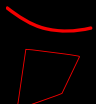

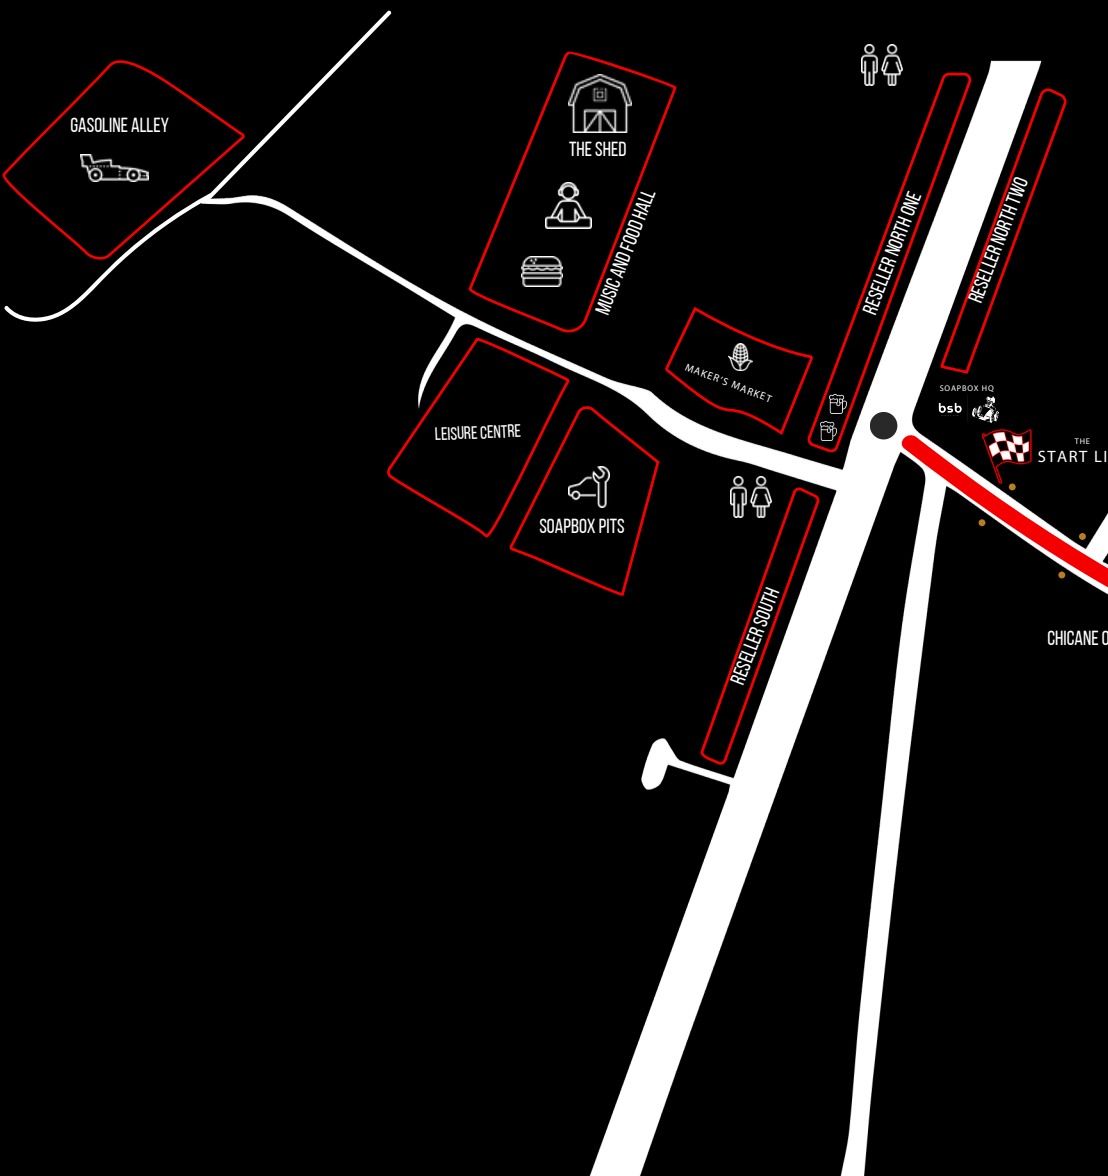

A nurturing educational environment dedicated to supporting children who face learning or emotional challenges. The school offers early intervention and holistic support tailored to each child's needs

GREATHAM SCHOOL

A sports derived project to help support funding for an all weather sports pitch. With 50% of the build being secured through government initiatives, let's see how much we can support this wonderful local school

HELP FOR HEROES.

Our past partnership and work with the Armed Forces community have been a cornerstone. Proceeds benefit veterans and military families facing hardship as detailed on our fundraising platform and past campaigns.

NATURAL DOG BISCUITS ♡ HAND BAKED WITH GLOVE

In 1916, during World War I, King George V visited Bordon to inspect Canadian troops stationed at the garrison. At the time, Bordon was a key military training ground for the British Empire. His visit reinforced the area's importance in wartime preparations.

MEET THE COMPARES.

STU MORRISON

Once seen, never forgotten, Stuart Morrison is an eye-catching local figure with his loud suits and impressive moustache. Business owner, web entrepreneur, writer, designer, Town Crier, international performer and some might say "Local Legend", his credits include performing at Wembley (conference centre), co-presenting Football Focus (as Borat) and appearing on Trisha (as Ali G) and Richard and Judy (as Littler Britain). He'll be interviewing the teams, and the crowd and generally adding to the atmosphere as well as keeping you updated and informed throughout the day, don't forget to say hi and grab a selfie!

GLEN LYNCH

Meet Glen, a master of English vocals and a wizard of songwriting. His voice gracefully navigates through octaves, earning him comparisons to legends such as Roger Daltrey and Steve Marriott. Glen's songs unfold like mini-novels, weaving narratives of everyday struggles, love, laughter, and the ups and downs of working-class life.

This marks Glen's third Soapbox event. He is a key member of The Sunset Donkeys, an English-American rock band that features Chris Constantinou, Preston Heyman, Hal Lindes, and Glen Lynch. Their debut single, 'Setting It All On Fire', is now available.

RYLANDRESEARCH.COM

THE TEAM BEHIND THE NEWEST 'FEATURE' AT THIS YEARS SOAPBOX - THE KART WASH.

Ryland Research Unveils 'Kart Wash' at Bordon Soap Box, An example of responsible innovation.

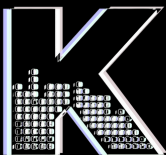

This year's Bordon Soap Box includes a splash of creativity and ingenuity from none other than John and Fiona of Ryland Research, with the debut of their latest feature: the 'Kart Wash'. True to Ryland Research's philosophy of responsible innovation, this playful-yet-principled entry will turn heads, not just for its flair, but for the thought behind its design.

Marrying fun with functionality, the 'Kart Wash' embodied the company's commitment to tailored solutions over one-size-fits-all approaches. Designed with sustainability, efficiency, and quality in mind, the creation offered a tongue-in-cheek nod to automated car wash systems—reimagined in soap box form.

John and Fiona brought their usual blend of technical know-how and creative charm to the event. While the crowd enjoyed the spectacle, those familiar with Ryland Research's work saw something deeper: a live demonstration of how innovation can be engaging, efficient, and environmentally conscious.

At Ryland Research, empowering industry leaders with custom-engineered solutions is more than a mission, it's a mindset. And through community involvement like the Bordon Soap Box, they continue to prove that innovation doesn't have to come at the expense of fun, nor fun at the expense of purpose.

Let's hope Ryland Research's 'Kart Wash' cleans up in every sense.
