

Frisco Riders
Sunday Doubleheader League
Summary of League Specific Rules

IMPORTANT NOTE

The below is intended to be a "Go to" summary of key rules that are unique to the Sunday DH League. The list is not intended to be a comprehensive rulebook. For additional information, you may reference the FBSA baseball rules online for competitive baseball as well as general MLB rules.

Metal Spikes	NO METAL SPIKES - Applies to all ages and all fields					
Safety Bases	For all Frisco Fields, Safety Bases have recently been installed at First Base. The colored base is required to be used by the batter-runner on an initial play at first base only. Once the runner has reached first base, they must only use the white portion of the base for everything else.					
Noisemakers, music, etc.	For all parks and games, no artificial noisemakers are permitted including airhorns, cowbells or anything similar. Music is permitted, but limited to one speaker at reasonable volumes ... we want everyone to have fun, but not at the expense of being a distraction to adjacent fields (we have several fields in close proximity to each other).					

** NO NEW INNING WILL START WITH LESS THAN 5 MINUTES LEFT ON THE CLOCK
