ORDER FORM

Shearsman titles can be ordered from any bookshop in the UK or the USA, from online outlets such as Amazon, Waterstones, Wordery, Barnes and Noble, or Indiebound, or direct from the press. We will supply all UK inland orders post-free.

Offshore buyers should use our online store, where we can accept credit cards through a secure payment mechanism, but please note that we no longer ship to EU countries, other than Ireland, because of taxes and duties being levied on the packages when they arrive, or, worse, a refusal to deliver by the receiving postal authorities. Residents of those countries are encouraged to use the services of the above-mentioned online retailers, or the local variants thereof, most of whom are able to source our books easily. There is also now a problem with international shipping to the USA, but we are able to print and ship ordered books within the USA and thus avoid these problems, provided that the buyer has no problem with deliveries being via USPS, rather than couriers. For large orders (say, 6 or more small books, 2 large books) we can sometimes justify courier shipping. Canadian orders are now being shipped from the UK. Australian orders are being printed and shipped in-country in the same way as we handle US orders.

Trade distribution:
UK – Gardners, Ingrams; USA – Ingrams; Australia: Ingram, Australian Scholarly Publishing
