

Project Manager – Full-time in San Jose, CA

Post Date: June 1, 2026

Job Overview:

Zumwalt Construction Inc. is seeking an experienced and driven Project Manager to lead commercial construction projects from pre-construction through closeout. This role will oversee multiple projects and requires travel between jobsites. The ideal candidate is highly organized, proactive, and capable of managing all aspects of construction while maintaining strong relationships with clients, subcontractors, and internal teams.

Key Responsibilities:

- Manage all phases of commercial construction projects from start to finish
- Coordinate subcontractors, field staff, and daily jobsite operations
- Develop and maintain project schedules, budgets, and resource plans
- Ensure compliance with safety standards, company policies, and project specifications
- Communicate effectively with clients, architects, subcontractors, and internal teams
- Monitor project progress and performance using Procore and other project management tools
- Identify and resolve project issues proactively to keep projects on track

Qualifications:

- Minimum 5 years of experience in construction project management
- Experience working for a general contractor required
- Public and/or private project experience preferred
- Proficiency in Procore, Bluebeam, Microsoft Project, and Microsoft Excel
- Experience managing union labor and subcontractors
- Strong leadership, communication, and organizational skills
- Bachelor's degree in Construction Management or related field (preferred)
- Safety certifications such as Cal/OSHA 30 and HAZWOPER (preferred)
