

Construction Superintendent- Full-time in Porterville, CA

Date Posted: June 1, 2026

Job Overview:

We are seeking a dynamic and detail-oriented Superintendent to lead our construction projects in Porterville, CA. The construction superintendent coordinates all site activities and may supervise trade personnel. Regardless of the level of direct supervision provided, it is normally the job of the construction superintendent to inspect the work performed by employees, contractors and sub-contractors as required to successfully complete the project on schedule and within budget.

Key Responsibilities:

- Superintendent will be involved in pre-construction estimates and budgets.
- Monitor expenses to ensure that the project is meeting budget and if not, determine whether it is possible to make up the difference.
- Calculates the material and personnel costs.
- Track inventory of supplies and materials to guard against loss and to ensure that vital materials are ordered and delivered to meet schedule.
- Coordinate Activities & Quality Control
- The superintendent will coordinate the activities of a variety of tradespeople, professionals and laborers.
- Might work closely with the architect or engineer who designed the project or Project Managers on larger scale projects.
- Ensure team is fully staffed and necessary tools to complete the task assigned.

Qualifications:

- Strong Communication Skills and leadership experience.
- Ability to work independently and in a team setting.
- Ability to answer emergency calls, as required, in the evening hours, weekends and on holidays.
- Competency with standard server software applications such as Microsoft Outlook, Excel, Word, etc.
- Organizing, planning and prioritizing work load.
- Safety Certification (CALOSHA 10 OR 30)

Additional Information:

- Proven track record of successful projects.
- Public or private work experience.
- Minimum of 5 plus years field experience.
- Must be able to pass criminal background check, pre-employment drug screen.
