

Be Well Benefit through Unum

How it works

1

Your Unum plan pays a Be Well Benefit for one Be Well screening each year. For you and other covered family members, for important tests and screenings. Many of these tests are routinely performed, so it's easy to take advantage of this benefit.

Benefit Amounts

2

Your Critical Illness Insurance benefit is tied to the coverage amount you choose. For instance, if you choose a coverage amount of \$10K, your benefit will be \$50. A coverage amount of \$30K will be \$100. Your Accident Insurance and Hospital Insurance benefit is \$50.

Be Well Screenings

3

- Annual exams including sports physicals and well child visits
- Cancer Screenings including pap smear, colonoscopy
- Cholesterol and diabetes screenings
- Imaging studies, including chest X-ray, mammography
- Immunizations including HPV, MMR, tetanus, influenza

How to File a Claim
