Dual Glow

MODERN TWO-IN-ONE FLOOR LAMP

Dual Glow Floor Lamp Series

The Dual Glow floor lamp perfectly balances a sleek, modern silhouette with highly functional versatility. Its refined glass-inspired shades and vibrant color finishes bring an instant warm ambiance and focused lighting efficiency to any contemporary living space, office, or cozy reading nook.

- Versatile Dual Lighting**
Engineered with a fixed uplight for a soft, indirect ambient glow and a flexible side branch lamp to deliver precise, focused light for reading or tasks.
- Slim Space-Saving Profile**
Crafted with an ultra-slim metal stem and a compact yet stable heavy base, making it an ideal choice for tight corners, bedside placement, or minimalist interiors.
- Dual Control Convenience**
Equipped with individual inline rocker switches for each light source, allowing you to seamlessly customize and control your lighting balance

QUAD-ZONE GLOW

MODERN MULTI-DIRECTIONAL FLOOR LAMP

Quad-Zone Glow Floor Lamp Series

The Quad-Zone Glow floor lamp sets a new benchmark for structural minimalism and advanced spatial illumination.

Engineered with a sophisticated 4-surface LED top panel, it offers an unprecedented level of environmental lighting mastery, seamlessly enriching modern living architecture and premium executive spaces.

4-Surface LED Panel
Equipped with a cutting-edge top panel that radiates light across four distinct zones, delivering uniform and expansive environmental coverage.

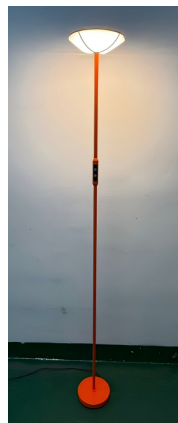

Independent Light Control
Features separate tactile switches for each of the four light sources, allowing users to customize direct, ambient, or multi-directional paths.

Integrated Dimming System
Built-in responsive push-button dimming mechanism provides smooth intensity scaling from a delicate evening glow to full radiant output.

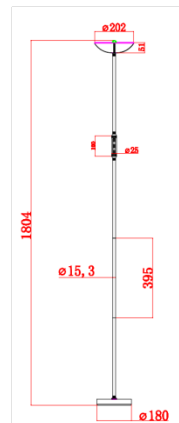

SPECIFICATIONS

Model No.	HYFL260111
Voltage	AC 220–240 V
Source	5W - 24W (Max)
Switch	Push Button Switch
