

## **Welcome Home!**

**You just made the most important decision of your entire life! Allow me to be one of the first people to congratulate you, and welcome you into our family. I am so proud of you, and I believe that your best days are ahead of you! This new journey is quite exciting, and can quickly begin to feel overwhelming if your next steps are unclear. I have identified five simple steps to getting the most out of your new life-change experience.**

### **Start**

The most important step you can take right now is to make sure you start attending church regularly. You want to be in an environment that will help encourage your recent decision to follow Christ, and there is nothing better than surrounding yourself with others who have made the decision, just like you.

### **Sit**

At Focus, we believe that life change happens in circles; the first circle we want you sitting in is called "New To Faith". New to Faith is designed to help you take your next steps in your new relationship with Christ.

### **Serve**

At Focus, we love to see people get involved where their God-given passions and abilities can be used to their fullest potential. Our involvement teams are designed to give you the opportunity to play a part in the story of someone else's life-change, just as others have played a part in yours. Sign up online, at [www.igettoserve.com](http://www.igettoserve.com) or get more info at the Next Steps table.

### **Share**

Nothing encourages our staff and Pastor more than hearing about how God is moving in your life. Let us celebrate with you! Take a moment to reflect on how God is changing you, and share it with us online at [www.focus.church/story](http://www.focus.church/story).

### **Stick To It**

Don't give up! Focus Church is here for you. We aren't naïve to think that just one moment changes all of your life's problems, but we do know that one moment can shift all of your perspective. This is just the beginning of your new life. There is so much more story to be written and told, so get ready!
