**FROM OUR Paint/Stain Department:** Rain and sun both effect not only when applying product but drying time too. Ask our experienced staff for more information based on your product and where you're applying it. Cabot Stain rebates will run May 23- June 1. Stop in and get rebates of \$15.00 per gallon for up to 5 gallons.

**DECK SEASON means: checkout our blog on our website-One thing Not to do when cleaning your deck!**

**FROM OUR Wallpaper/Panels Department [Commercial lines too]:** Spring savings can be found in our 50+ in-stock wallpaper patterns. You can find some of these on our website. Transform any residential or commercial space with our huge range of 500+ book collections of wallpaper. What about adding a focal wall/fun wall? Something that makes you happy every time you see it? We can't emphasize enough that you need to prep your wall or ceiling before you put up wallpaper. NEVER apply directly to dry wall! Always apply on a painted, clean, (Don't use dish soap that will leave behind a film) and dry surface. We recommend applying Sizing to your surface for an easier application of wallpaper installation and removal.

**FROM OUR Tools & Supplies Department** Customers are always asking us about what rollers to use on different surfaces. Pro Tip: Lower NAP provides smoother finish on smooth surfaces. Higher NAP provides better coverage on textured surfaces. And don't reach too far-we have a great selection of extension poles. It's "DECK SEASON" We rent pressure washers. Don't spray your deck or fence to death! Use a cleaner designed for wood and check out our angled Deck Brushes!
