NEWSLETTER May 31, 2025

With the economy and tariffs in flux, you will unfortunately see price increases. As a small local business, we strive to help you control the cost with great products. Some of our vendors are absorbing a portion of the cost. You will see prices drop when a tariff is rescinded on our next purchase of that item.

FROM OUR Paint/Stain Department: It's summertime! Is your exterior ready to show off? Have you cleaned and protected your deck or patio? We have the products and tools to help you clean and protect your space. A great creative look is applying a concrete coating product like RollerRock or SpreadStone. Stop by and look at our outside deck and sidewalk. We put a product on our concrete walk "DECADES" ago and it still looks fabulous. With Father's Day coming up why not plan a project to do together?

FROM OUR Wallpaper/Panels Department [Commercial lines too]: We have the largest selection of in-stock wallpaper in Central Kentucky, with amazing colors, designs and price! You can find some of these displayed on our website. Transform any residential or commercial space with our huge range of 500+ book collections of wallpaper. What about adding a focal wall/fun wall? Something that makes you happy every time you see it.

**** We can't emphasize enough that you need to prep your wall or ceiling before you put up wallpaper. NEVER apply directly to dry wall! Always apply on a painted, clean, (Don't use dish soap that will leave behind a film) and dry surface. We recommend applying Sizing to your surface for easier wallpaper installation and removal.

FROM OUR Tools & Supplies Department: Not sure what to get for Father's Day? We have everything you need- from ladders, tarps, brushes and rollers to helpful gadgets to get those projects done safely and easily. Grab a Handy Pail and fill it up. Or pick up a "Gift Certificate" and let Dad pick.

WE'RE always updating OUR WEBSITE!!! Take a look at our tips and trick section. <https://www.perspectives-usa.com/>

FROM OUR Full Line Interior Design Center: Have you noticed the "Solar Roller Shades" in our front window? Graber uses recycled sea plastic in their collection of these items. It offers you superior sun and heat protection, blocks the heat while maintaining your view, and helps lower your home's cooling costs. With a wide range of opacities, expanded width options for extra-wide windows, and an easy-install flat valance, it's never been easier to redecorate your whole home in clean, modern style. They come cordless with a "Motorized option", and they are **10% OFF** through Aug 31.
