

Inforum Spotlight connects members through after-hours experiences at local women-owned businesses. Inforum Spotlight is a networking series designed to bring members together in unique local spaces while highlighting the businesses and leaders making an impact in our communities. Each gathering offers an opportunity to build authentic relationships, welcome new members, and experience a behind-the-scenes look at a local women-owned business in a relaxed and engaging setting.

Founded in 1962, Inforum is the only professional organization in Michigan – and one of a few in the country – that accelerates careers for women and boosts talent initiatives for companies. We do this by combining strategic connections, proven leadership development programs, a respected forum for new ideas, and original research.

Inforum is a 501(c)(3) education and research organization. Its programs serve a broad range of women in different stages and types of careers – from nonprofit professionals, to emerging and rising corporate leaders, tech entrepreneurs, and corporate board leaders. Inforum also conducts and publishes original research on women's leadership influence, including the *Michigan Women's Leadership Index*.

Inforum's office is in Southfield with members and corporate investors across the state.

The Experience

Hosted quarterly, Inforum Spotlight events are intentionally designed to feel personal, approachable, and community-driven. Rather than a traditional networking event in a corporate environment, members gather after hours inside boutiques, restaurants, studios, offices, and other local businesses to connect, learn, and support one another while discovering the stories behind the businesses themselves.

For host businesses, Inforum Spotlight provides meaningful visibility and engagement with a dynamic network of professional women and community leaders. Hosts have the opportunity to share their story, showcase their space, and build relationships with attendees who are passionate about supporting local businesses and expanding their networks.

Interested in hosting an Inforum Spotlight event? We'd love to showcase your business and connect our community inside your space.

Company's promotional material distributed at event, and provide refreshments for event.
