Confirmation Service Opportunities

As part of Confirmation Preparation, youth are expected to deepen their commitment to service to others. A special emphasis is to be placed on service within the parish community.

There is not a set number of hours or projects; youth are asked to become people of service who see needs and take action. A guideline would be **at least monthly participation** in prayerful and reflective service.

Diocese of Rochester Expectation

Candidates will reflect on questions before entering a service opportunity; will look for the presence of God both in the experience and in the people served; will reflect again after service is completed.

Reflection Questions

*Pre-Service

- What are my expectations? About the people I will meet? The type of work I will do?
- How will this compare to other service I have done?

*During Service

- Where do I see God's presence in this place or with these people?

*Post Service

- How did this match up to my expectations?
- Select one moment or situation that stands out for you:
 - *What was hardest/easiest about this experience?
 - *What emotions come to mind when you think of the experience?
 - *What Bible story or scripture passage comes to mind?

- Where did I see God through this experience? Where was God present? In whom was Christ present? How was God at work in this situation?

Extra Space for Reflecting:
