

"Great Grand Mother of Tribes..."

Just a few more steps. The connection with our earth and highest selves nearly fully restored. Truths are being seen. False realities crumbling. The most pure of all lights entering more and more. Offering protection from the darkest energies.

Let us embody the divine feminine and all-encompassing heavenly depths. Encouraging us to reconnect with our true tribe, the greatest tribe of all.

Returning to our fertile holy lands. We shall stand our grounds, stay strong. Magic is on the other side.

We will dance in peace, find joy in all things and be in love, LOVE beyond comparison.

Be still. Hear her sacred sounds, feel. Remember...
