

# Biology GCSE

## Course overview

Biology is arguably the most relatable of the three scientific disciplines. Many students need a good science qualification before they can be accepted onto their college course. We are offering students GCSE biology as a retake option.

The course covers many aspects of biology in depth such as evolution, genetics, neurology and genetic engineering.

Students will develop many skills:

- Practical skills
- Numeracy
- Literacy
- Verbal Communication
- Dissections

## Exam / Coursework

The course is 100% exam with students expected to sit two 1hr 45min exams at the end of the course.

## Qualification gained

Biology GCSE
